

BANK BANDITS BELIEVED TO HAVE FLED IN PLANE

Three Robbers Get \$2500 in Town Near Modesto and Aircraft Leaves Shortly After

SAN FRANCISCO, Aug. 2. (Exclusive)—Three unmasked bandits, armed with sawed-off shotguns, are believed to have escaped in a stolen airplane today after holding up the First National Bank of Crow's Landing, eighteen miles west of Modesto. They took \$2500 in currency and small change and left two bank officials shut in a vault.

A strange airplane was seen to rise from the outskirts of the town and move off at high altitude shortly after the hold-up was discovered. Los Angeles authorities say that a plane was stolen from a flying field there less than two weeks ago.

The two officials, George Pisk, president and cashier, and his assistant, Charles A. Filippini, were alone in the bank. It was 12:15 o'clock when the three bandits entered. Two were young and smooth-shaven, while the third had about three weeks' growth of beard. All were dressed in the garb of farmers and beneath their jackets carried sawed-off shotguns.

While one lingered near the door and kept his eye on the street, where a scattering of pedestrians was passing, the others approached the windowed counter.

At a signal from the unmasked man the three simultaneously drew their weapons and leveled them at the two bank officials.

"Now just stretch out there on the floor with your hands up and don't make any noise," the bearded bandit commanded. Pisk and Filippini complied. Pisk was within a few feet of a burglar alarm button, but failed to reach for it.

Two of the men then crowded through the window, while the third kept his shotgun trained on the prone figures. Later he followed his companions to the other side of the counter and stood guard while they raked \$2500 in currency and \$500 in small change from the cash drawer into bags and stuffed them up under their jackets.

The two bank officials then were ordered into the open vault and the outer door was bolted on them. Filippini, groping in the darkness, found and pressed a burglar alarm there. It was very minute before there was response. W. C. Filippini, brother of the imprisoned cashier, was the first to reach the vault and open it.

The mysterious airplane was seen by George Anderson of Crow's Landing to take off at 1 o'clock. It changed the direction of its flight so frequently that he did not observe which direction it ultimately took, he said. Sheriff Rogin of Stanislaus county, in which Crow's Landing is located, is convinced that the bandits had the plane in readiness and reached it either on foot or by automobile. Search is being made to determine whether a make-out was abandoned anywhere on the outskirts of the town.

Angelenos Low Bidders on New State Highway

SACRAMENTO, Aug. 2. (P)—John A. Reed, a Los Angeles firm, submitted the lowest bid opened by the State Highway Commission today for the paving of the Mountain Springs grade on the trunk highway connecting San Diego with Imperial Valley. The figure was \$386,627, as against an engineer's estimate of \$416,461.

Award of a contract will be considered at the commission's meeting the 10th inst. Bids on a line through San Jacinto Creek, Santa Barbara county, were not opened, the commission announcing it had decided to readvertise the project.

CALLES DENIES PLEA FOR TRUCE

appearance in the capital and think that the worst is yet to come as far as the boycott is concerned. The main section of the Mexico City Cathedral continued closed today, although the adjoining chapels were open. The reason for keeping the cathedral closed was that the inventory of the magnificent treasures has not yet been completed. Most of the other Catholic churches were open, but only a small number of worshippers could be seen. There were no police or civilian guards about the edifices, no crowds, and not even evidence of the municipal officials' committees appointed by the government to take charge of the church buildings.

PRIMATE OF CHURCH SUFFERS BREAKDOWN

The condition today of Archbishop Dr. Mora y del Rio, supreme head of the Catholic church here, who suffered a breakdown yesterday following a week of strenuous work, was grave.

Archbishop Del Rio has cancelled all engagements, even refusing to receive the bishop of Batavia, Dr. Pascual Diaz, secretary of the Mexican episcopate.

Dr. Del Rio is 73 years of age and is suffering from extreme exhaustion with stomach complications. He is a cardinal in all but name, since elevation to wearing the red hat could be his for the asking but Mexican law does not allow him to appear in public with a cardinal's robes while the church law demands this. He has steadily refused to leave Mexico in exchange for a principality in the Catholic church.

TRAVELER TELLS OF STONING BY MOB

LAREDO (Tex.) Aug. 2. (P)—An American woman traveler who arrived here from Mexico City Monday said she saw officers and houses of devotion officials stoned Saturday by crowds who cried protests at the enforcing of religious regulations which led to the closing of churches. She related that one such gathering, composed almost entirely of priests, was dispersed by soldiers, police and firemen.

BAY CITY BOARD ASKS FOR INVESTIGATION

SAN FRANCISCO, Aug. 2. (P)—A resolution urging an investigation of the religious situation in Mexico, with a view to the possible withdrawal of recognition of the Mexican government, was adopted by the Board of Directors here today and sent to President Coolidge and to Secretary of State Kellogg.

CALLES' ESCAPE FROM BULLET REVEALED

MEXICO CITY, Aug. 2. (Exclusive)—The arrest last Saturday of Miss Dolores Lemus, six other women and eight men on charges of conspiring to kill President Calles has revealed that an actual attempt to assassinate the Chief Executive was made on July 25, last, when a bullet fired at President Calles missed him by inches only.

Although officials refused to discuss the attempted assassination, it was learned that while President Calles was driving in the evening through Chapultepec Park, a bullet was fired at him from the bushes.

Gen. Alvarez, the President's chief of staff, ordered the park searched and two men armed with revolvers were arrested. Examination showed

EASTERN HOMES CROWDED

Los Angeles Enjoys Record of Four and Six Tenths Persons Per Dwelling

BY RICHARD MATTHEW ARCHER

(Copyright, 1926, Newspaper Feature Bureau)

WASHINGTON, Aug. 2. (Exclusive)—Statistics for 1926 of the number of dwellings in 180 cities of the United States of more than 50,000 population, prepared for the Los Angeles Times, give a total of 6,566,296. The cities have a combined population of 41,617,377 in 1926, according to surveys made by the Newspaper Feature Bureau.

A summary of the figures, with the cities divided into four classifications, shows 6.4 as the average number of persons to each dwelling. The greatest congestion in housing is in the larger cities, the average per dwelling in cities over 200,000 being 7.0, and 8.1 in cities having populations ranging between 70,000 and 200,000.

The summary follows:

Cities	Dwellings	Persons per Dwelling
Over 200,000	4,038,503	7.0
50-200,000	1,270,834	6.5
10-50,000	519,610	5.5
Under 10,000	641,959	5.1
Total 180 cities	6,566,296	6.4

The greatest congestion in New York City where the average dwelling houses 15.4 persons. Other high averages are reported from eastern factory cities, including Hoboken, 14.8; Fall River, 10.9; Mayhew, 10.8; Passaic, 10.0; Newark, 10.0; New Britain, 9.7; Jersey City, 9.6; Yonkers, 9.7; Boston, 9.4; Bayonne, 9.2.

Lowest persons per dwelling are reported from these cities: Springfield, Mo., 4.1; San Jose, Cal., 4.3; Topeka, Kan., 4.3; Pasadena, Cal., 5.3; Springfield, Ill., 4.3; Kansas City, Mo., 4.3; Berkeley, Cal., 4.3; Lancaster, Pa., 4.4; Lexington, Ky., 4.4; Lima, O., 4.3; York, Pa., 4.3; Cedar Rapids, Ia., 4.3.

The detailed 1926 figures for cities of more than 200,000 population follow:

Cities	Dwellings	Persons per Dwelling
New York	1,881,444	15.4
Chicago	1,388,144	12.8
Philadelphia	1,301,783	12.3

WANT A COUNTRY
ESTATE?

Here is a chance to get 160 acres of choice
land at auction

A marvelous opportunity to secure a quarter
section of land in a highly prosperous setting
40 acres fruit, 14% acres of grapes, 60 acres
pasture—plenty of water—in a section where
land is moving at more than \$1000 an acre.
Sacrificed at auction 10 A. M. Monday,
August 9th at the Ventura Courthouse.

SEE IT TODAY

Drive to Ventura on either of the three boulevards. Then take
the Old road eight miles to crossroads. Note the sign pointing
to FRED L. HUNT Ranch. Drive one mile to ranch. This 160
acres will be an excellent bargain for some one. Visualize the
possibilities—Note the nature of this beautiful setting. The
setting hills. The magnificent view. The land under cultivation
which decide on the amount of your bid.

Small excellent quarter section for a country estate. Plenty of
water. Situated just the right distance from Los Angeles to be
ready—yet far enough away to be secluded.

How if you want quick profit, subdivide it into small farms. Note
the value of property moving on all sides of this Ranch.
Nothing less than \$1000 an acre. Many places much more.
This is your opportunity to bid on 160 of these acres at a rock
bottom price.

Don't miss the piece of property you have been looking for.
Leave the land—then come to the Ventura Courthouse August 9th
at 10 A. M. and announce your bid.

Further details, if desired, will be gladly furnished. Just drop
me a call.

Your Dentist Advises—

"Have your teeth cleaned regularly."

Hundreds of thousands of intelligent Ameri-
cans have their teeth cleaned, inspected and
repaired twice, three times or four times a
year—as a matter of course—

Yet these same hundreds of thousands never
think of having an expert inspection of stom-
ach, kidneys, liver, heart—organs that are
harder-worked, more subject to damage and
more essential to sound health than the
teeth.

Give your physician the same chance you
give your dentist—to check the bad spot be-
fore it gets beyond repair.

COOLIDGE THREE
YEARS IN OFFICE

Took Oath on August 3, 1923,
Before Father

President Makes No Plans
for Anniversary

Son of Harvey Firestone to
be Guest Today

PAUL SMITH'S (N. Y.) Aug. 2. (P)
Three years as Chief Executive of the
republic were completed by Presi-
dent Coolidge tonight. It was in
the early hours of August 3, 1923,
that Mr. Coolidge took the oath of
office by the dim light of a lamp in
the Plymouth (Vt.) farm house be-
fore his father as a justice of the
peace soon after the sudden death of
President Harding.

No word of comment was made by
him today, however, on the anni-
versary as he approached the begin-
ning of his fourth year as Chief Ex-
ecutive. Government business occu-
pies him as it does daily during his
vacation in the mountains, and there
was no indication that he would
depart from that program tomorrow.
Rev. William F. McDowell, Meth-
odist Episcopal bishop of Washing-
ton, and Mrs. McDowell were lunch-
ing guests of the President and Mrs.
Coolidge at White Pine today.

Among visitors to be received to-
morrow is Harvey S. Firestone, Jr.,
son of the Akron (O.) rubber manu-
facturer. He is to report to the
President at the executive offices on
the rubber-production possibilities in
the Philippines as he has seen them
in a recent business tour of the East.

In the late afternoon Mr. Coolidge
will deliver his first address since
he came to the Adirondacks nearly
four weeks ago, speaking over the
long-distance telephone to Denver for
broadcasting by radio a message to
Colorado on the observance of the
centennial of admission to State-
hood.

FIVE WAIT
IN SHADOW
OF GIBBET

Quintet Due to be Hanged
at San Quentin During
September and October

SAN QUENTIN, Aug. 2. (P)—Five
men are to mount the gallows at San
Quentin State prison in little more
than two months' time if the present
execution dates are carried out.

Isaac Wolfgang's execution date is
set for September 10, next. He killed
a Los Angeles policeman.

On October 8, Willie Adams and
Alphonse Bincon will be hanged for
the murder of T. E. Ullman in Los
Angeles. They were taken at once to
the cell tier for condemned prisoners.

On October 12, J. H. Wagoner will
be hanged for the murder of Wilford
Hey, and on the same gallows Mauri-
cio Trinidad will be hanged for the
murder of Louis Hernandez. Both of
these murders were in San Bernardino
county.

Witnesses Tell
of Men Hired in
Strike Violence

SAN FRANCISCO, Aug. 2. (P)—Two
witnesses told the Industrial Asso-
ciation, a nonunion, labor union
organization, hired men to beat up
union workers, was introduced here
today at the resumed hearing of the
injunction suit brought by contrac-
tors to prevent further violence dur-
ing the present strike of union car-
penters on nonunion jobs.

The witnesses testifying for the
defendant unions and their members,
were Harry Smith and Kenneth W.
Sanderson. Both said that they had
been employed by John J. Jerome, an
agent for the Industrial Association.

Smith testified that he was fur-
nished with a list of automobile li-
cense numbers with instructions to
upset the machines and beat up the
men occupying them.

Sanderson testified that he was di-
rected to get three or four men and
form a "flying squadron" to attack
certain workmen whose names were
given them.

Former Aide to
Villa Arrested
for Criticism

CHIHUAHUA CITY (Mex.) Aug. 2.
(Exclusive)—Silvestre Terrazas,
stormy petrel of the Villa party, is in
jail again in this city. Terrazas, who
is no relation to the famous Luis
Terrazas family, was Secretary of
State in the Pancho Villa government
at the time it was in control of af-
fairs in the North. Terrazas, who has
been editor of the Correo de Chihua-
hua for the past two years, was one
of the first to be arrested under the
new law prohibiting a publication
from commenting upon governmental
enforcement of the Reform Laws.

Terrazas is not unfamiliar with the
Chihuahua penitentiary where pri-
soners are confined. He was one of
the first to be arrested at the out-
break of the Madera revolution and
was finally liberated by Villa's men.
He edited a Spanish language news-
paper in El Paso for several years and
lived in Los Angeles at one time.

ESCAPE OF STOWAWAY
LEADS TO PRECAUTIONS

VANCOUVER (B. C.) Aug. 2. (Ex-
clusive)—Hereafter stowaways on Can-
adian Pacific liners coming from the
Orient are to be put in cells on ap-
proaching this shore, as a German,
one of three stowaways discovered a
few days out of Yokohama on the
Empress of Canada, has made his es-
cape in the dark either in the Straits
of Juan de Fuca or after the boat
anchored in the stream to await
quarantine inspection. The man is
thought to have jumped overboard
and made his way ashore as the ship
is only a short distance from the
beach in Royal Roads. The other
two stowaways were Russians and
will be returned on the ship to Japan.

HAILED BY TEXANS AS THEIR NEXT GOVERNOR

Atty-Gen. Moody at the age of 38 is hailed as the next Governor of Texas. Moody won an overwhelming
victory in the recent Democratic primary when he defeated Gov. "Ma" Ferguson by about 100,000 votes. Gov.
Ferguson announced he will resign his office not later than November 1, next. Since nomination on the
Democratic ticket is considered tantamount to election in Texas the youthful Attorney-General is being greeted
as the next Governor. In the picture, left to right, are Mrs. Moody, Moody and Miss Mary Moody, his sister.
(P. & A. Photo)

WHOLESALE
MURDERER
BLAMES PIE

Declares Life of Crime
Revenge for Arrest for
Stealing Pastry

SEATTLE (Wash.) Aug. 2. (P)—
Thomas Johnson, alias Kelly, alias
Smith, who confessed here Saturday
night and yesterday to at least four-
teen murders extending from the
Mississippi River to the Pacific Ocean,
told detectives of the Seattle police
department today that a piece of pie
started him on a life of crime.

"I was eating pie in a bakery shop
when I was first arrested," he said.
"I had broken into the shop and they
sent me to Dear Lodge peni-
tentiary. I was there for three months."
He said that since then he has been
against society and all the things I
did since then was for revenge against
society.

While details were received from
many quarters that Johnson had
admitted ever occurred, it was re-
ported to police that several crimes
he confessed actually had been com-
mitted. It was pointed out, how-
ever, that Johnson might have read
of them.

He admits insanity and advises
from Missouri that a man named
Tom Kelly escaped in 1920 from an
asylum in that State.

Johnson tonight added desertion,
from the United States Navy twenty
years ago to his list of crimes.

"Navy life was tame compared to
what I had been accustomed to and
I went A.W.O.L. after three months,"
he said. "The sickening offense has
been outwitted by time."

GIRL JAILED
AS SLAYER
OF ACTRESS

Singer Held Without Bail
After Killing of Friend
Who Saved Her

MOUNT HOLLY (N. J.) Aug. 2. (P)
Betty Queen, chorus girl, who gave
her address as Macon, Ga., was
held without bail today for the grand
jury on a charge of having shot and
killed Margaret Craig of Des Moines,
Iowa, an actress known on the stage
as Pearl McWherry.

The shooting occurred Sunday
night in a summer cottage occupied
by the girls and by Dorine O'Connor
of Centralia, Ill., another actress.

According to the girl's
story, Miss Craig and Miss O'Connor
went bathing, and when they re-
turned they found a note signed
"Gip," the nickname of Miss Queen,
indicating she intended to kill her-
self. Rushing into another room,
Miss Craig saw Miss Queen pointing
a shot gun at herself and trying to
pull the trigger. Miss Craig tried to
take the gun away from her, and
in the struggle the weapon was dis-
charged, killing Miss Craig.

DAIRY MEN FLAY
UNFAIR PRACTICES

TRADE COMMISSIONERS AND COAST
PRODUCE DEALERS MEET
IN BAY CITIES

SAN FRANCISCO, Aug. 2. (P)—
Making false reports on tests of any
dairy or poultry product is an un-
fair business practice and should be
eliminated, in the opinion of the ap-
proximately 100 dairy and poultry
men who are in conference here
with the Federal Trade Commission
and its advisory committee, which also
and Poultry Association.

This expression was embodied in
an adopted resolution which also
characterizes as being equally unfair
the intentional or under false
or incorrect grading of dairy and
poultry products.

Another resolution which was
adopted declared unfair "the willful
interference by any person, associa-
tion or corporation by any means
with the existing contract between
an employer and an employee" as
a means of acquiring another em-
ployer's business.

Only the presence, the first of its
kind to be held on the Pacific Coast,
is the first to be held in America
since the Federal Trade Commission
conferred with creamery interests in
Omaha in 1919. A memorandum on
the resolutions adopted at that con-
ference was supplied to all the dele-
gates here today. The present ses-
sion is expected to be in progress
several days.

STEAMER TOWED IN
AFTER HITTING OBJECT

SAN FRANCISCO, Aug. 2. (P)—The
Chamber of Commerce marine de-
partment here was notified today
that the steam schooner Helms
struck a submerged object off Cres-
cent City yesterday and was towed
into that port in a water-logged con-
dition.

SENATOR CUMMINS BURIED

Simple Ceremony and Brief Eulogy Mark Iowa's Final
Tribute to Distinguished Statesman

DES MOINES, Aug. 2. (P)—With simple rites, Iowa late today paid final
tribute to Senator Albert B. Cummins, and laid him to rest in Woodland
Cemetery. The nation and State joined in honoring him in brief ceremonies
at his home in which he was eulogized as one of the State's greatest
sons, who had served both Iowa and the nation with distinction.

A number of his colleagues in the
Senate and House, political leaders
of the State and friends of the Sen-
ator in private life, attended the ser-
vices, conducted by Rev. Charles E.
Medbury, pastor of the University
Church of Christ.

Only the distinguished personages
and Dr. Medbury's brief reference to
Senator Cummins' leadership in na-
tional affairs set the services apart
as attending the passing of a man
who had guided the destinies of the
State for six years and held a com-
manding voice in the councils of the
country for eighteen years.

A vocal solo, "Abide With Me," and
Dr. Medbury's brief eulogy comprised
the services.

Senator Cummins' devotion to his
family, his culture and mature judg-

Moody Majority
Unofficially Set
at 944 Votes

DALLAS (Tex.) Aug. 2. (P)—Dan
Moody won the Democratic guberna-
torial nomination in the recent pri-
mary by a majority of 944 votes, com-
plete unofficial figures announced to-
day by the Texas Election Bureau
show.

The final tabulations give the vote
for Governor as follows: Moody, 411,
390; Ferguson, 262,032; Davidson,
121,023; Zimmerman, 288; Wilkins,
149; Johnson, 1003.

CAMERON
DESERTS
FERRALL

Morgan Appointment to
Arizona Land Job Shows
Friends Change of Stand

WASHINGTON, Aug. 2. (Exclusive)
That Senator Cameron of Arizona
deserted his former friend and polit-
ical backer, Llanos T. Ferrall, just
before a court decision upheld his
removal as Register of the Phoenix
(Ariz.) Land Office was disclosed to-
day when the formal announcement
of appointment of Henry A. Morgan
as Ferrall's successor was issued by
the Interior Department.

The official statement says "selec-
tion of Morgan was made on the
recommendation of Thomas E. Camp-
bell, Republican National Commit-
teeman of Arizona; Dwight B. Heard,
prominent Republican leader of
Phoenix, and Senator Ralph H. Cam-
eron."

Ferrall, having been renominated
by the President and confirmed by
the Senate at the recent session, in-
sisted he was entitled to his office
for another term and could not be
jarred loose by the President, even
though the Chief Executive had
changed his mind and decided that
Ferrall "would not do." For weeks
Ferrall defied the authorities at
Washington; refused to turn over his
office to his chief clerk, when in-
structed by Washington to do so, and
finally went into court in an attempt
to compel the President to issue his
commission. In all these moves Fer-
rall had the support and encourage-
ment of Senator Cameron to whom
he owed his appointment. In fact,
"Gip," the nickname of Miss Queen,
indicating she intended to kill her-
self. Rushing into another room,
Miss Craig saw Miss Queen pointing
a shot gun at herself and trying to
pull the trigger. Miss Craig tried to
take the gun away from her, and
in the struggle the weapon was dis-
charged, killing Miss Craig.

Officers Halt
King Speeding
on Motorcycle

BRUSSELS, Aug. 2. (P)—King Al-
bert, by strict adherence to his own
decree as financial dictator, is giving
forceful example to his subjects in
the matter of economy. Black bread
is exclusively served at the royal
table and none of the King's three
mothers has been seen on the streets
since the economy campaign began.

Two gendarmes spotted a lone mo-
torcyclist racing towards Brussels
from Laeken the other day and halt-
ed the speeder, demanding his papers.
When they read the driver's permit
they nearly fainted, as it was made
out to be a little late for work,
and he sped away.

MODERN SAVINGS BANK
BEING BUILT IN PRISON

BALTIMORE, Aug. 2. (P)—A bank,
with all the counters and grill work
that go to make an up-to-date sav-
ings institution, is under construc-
tion at the Maryland penitentiary
here. The bank has become necessary,
Warden Patrick J. Brady announced,
because of the thrift of prisoners and
the amount of money handled each
month in their accounts. The total
of prisoners' savings is between \$200,-
000 and \$300,000 yearly, he said, and
is gained through their work in the
prison shops.

ECONOMIC CHIEF
ATTACKS SOVIETChairman of Red Council
Dies After SpeechCommunist Party Shaken to
Depths by TiradeCondemns Inefficiency, Tape
and Bureaucracy

MOSCOW, Aug. 2. (AP)—In what proved to be his dying speech Felix Dzerzhinsky, chairman of the Supreme Economic Council, shook the Communist party to its depths. In terms of remarkable candor and of scorn he condemned "the present bureaucracy, red tape, duplication of effort and complicated governmental machinery" in Soviet Russia.

M. Dzerzhinsky died shortly after a sensational three-hour attack on the opposition during a meeting of the central executive committee of the Communist party in the Kremlin. Although the speech was delivered a fortnight ago its text appeared in the Soviet organs only today.

Declaring that he was horrified at the lack of efficiency and the system existing in almost every government department he said:

"More than once I came to the President of the People's Commissariat begging him to let me resign or to give me the Trade Commission. If you will look at our intricate government machinery, unprecedented red tape and lack of system you will be shocked."

M. Kamanin, the Trade Commissioner, assuming that the speaker's criticisms were directed at him, shrilled out: "You have been a commissar four years, while I have served only several months."

"If you were a commissar forty-four years," retorted Dzerzhinsky, "you still would be useless, because you busy yourself with politics and not with work. . . . I never distort my soul. If I see disorder, I attack it with all my might, but it is difficult for me to do it all alone. Therefore, I ask you aid."

A satirical thrust from Leon Trotsky answered M. Dzerzhinsky to this heated retort:

"We have witnessed for several days how the minority tries the majority's patience, and I shall ignore such interruptions, because the more attention we give to these tricks the more opportunity we give to the opposition to disorganize our work."

Mr. Dzerzhinsky ridiculed the opposition's fear of a growth of capitalist among the peasants, pointing

TRICK POODLE
EATS PEARLSSwallows Necklace Belonging
to Wealthy French
Countess

VIENNA, Aug. 2. (Exclusive)—Rumanian police in the town of Brasov made a rare catch when they arrested the American vaudeville actor, Charlie Swack, together with his trick poodle dog, a few moments after the latter had swallowed a \$10,000 pearl necklace belonging to the wealthy French Countess Belmont.

Mr. Swack and his pearl-eating poodle were riding in a first-class compartment of the Oriental Express en route from Constantinople. So was the Countess. The lovely lady fondled the trick canine and later noticed that her necklace was missing. She called the detectives, who searched the car, but found no trace of the valuable until they peered into the vaudeville's compartment, where they were started to see the gifted pup coughing up the swag, pearl by pearl, into his master's hands.

In reply to the inspector's questions Mr. Swack tried to laugh off the matter as a joke. He said his poodle partner had a passion for swallowing his bright objects, the same as a magpie.

Somewhat the explanation failed to satisfy the police, who decided to interrupt the vaudeville man's journey. However, they offered to provide shelter for the man and his dog in the jail until further notice.

out that the peasants had accumulated 400,000,000 rubles—four rubles each—which produced a burst of laughter. After admitting his own erroneous policy of advocating the expenditure of 45,000,000 rubles in the metal industry that could have been put to better use, M. Dzerzhinsky launched into his attack.

Finally, the speaker scarcely had wiped the perspiration from his forehead when his heart failed him. Shortly afterward he died.

POINCARÉ BILL
BEING STUDIEDCommittee Sees Premier's
Finance MeasureEarly Senate Vote Planned;
Discussion TodayFranc Gains Strength on
Paris Exchange

PARIS, Aug. 2. (AP)—The Senate Finance Committee today began its examination of Premier Poincaré's financial measure, which was passed by the Chamber of Deputies Saturday. Appearing before the committee, the Premier requested that all haste be made in voting the bill, and this met with the committee's approval. Consequently it will deliberate throughout the night, and Senator Charon hopes to prepare a report in time to have the bill come up for discussion in the Senate tomorrow afternoon. It is probable the bill will be voted after the session is adjourned.

Meanwhile the French Cabinet has approved the proposal of the Premier that an independent sinking fund be created to redeem the state's obligations and handle the national defense bonds, forming the greatest part of the floating debt.

Commercialization of the tobacco monopoly is the basis upon which the amortization fund is to be created. An effort will be made to have the sinking fund plan approved by the Chamber and Senate before the end of the week. Then both Houses will be convened as a national assembly at Versailles on the 10th inst., to make the statute governing the sinking fund a fundamental law of the republic, so that it cannot be altered by any ordinary legislative act.

The franc was stronger on the Paris exchange today. It opened at 46.15 to the dollar and 185 to the pound, and gained steadily, closing at 47.85 to the dollar and 184.80 to the pound.

Premier Poincaré, informed of the rise in the franc as he left Elysee Palace, remarked:

"It is a reward for Parliament's business-like conduct."

FRANCE SETTLES
WAR-DEBT INTERESTS

WASHINGTON, Aug. 2. (AP)—France today paid \$10,000,000 to the United States at interest on its war-supplies debt. The payment was made in cash.

Million Dollar Building Program
To Begin ShortlyFor the Finest Beach Club
with one of the Largest
Beach Areas on the Pacific

Deauville Beach Club

PLANS are being rushed preparatory to letting the contract and commencing within a very short time the superb new club house of the Deauville Beach Club. The site, about 300 feet north of the Santa Monica Pier, is one of the largest areas ever devoted to a Pacific Coast sea-shore club.

The first unit in the construction will be a magnificent esplanade embracing numerous original, attractive and convenient features. At the same time work will also be started on the foundations for the main structure, which is planned to rise 12 stories—a height limit building.

In addition to the area actually on the surf level, the club will own outright through the Deauville Holding Co., ample space on top of the Palisades to provide an entrance over a splendid archway directly from Ocean Avenue to the fifth floor of the club. This feature, as beautiful as it is convenient, is only one of a number that will make Deauville the outstanding beach club on Santa Monica Bay.

Other features planned are the large main dining room on the third floor, a special dining room on the top floor, several stories above the level of the top of the Palisades, thus providing magnificent outlook over the entire Bay District; private dining rooms, gymnasium, lounges for men and women, liberal locker provision, bridges from the second floor connecting with the beach, 300 guest rooms, and the largest tempered salt-water swimming pool in Southern California, enclosed within a huge court formed by the Club buildings.

A limited number of applications for Founder Life Memberships, will be accepted at \$200 each for a short period only.

FOUNDER LIFE MEMBERSHIPS in the Deauville Beach Club at \$200 offer the greatest beach club value obtainable in the entire southland today. As the membership roster grows, this price will be further advanced to \$350. Prompt action is advisable.

Members of such clubs as the Wilshire, Midwick, Brentwood, Hollywood and Annandale Country Clubs and the Jonathan Club, California Club, University Club, L. A. and Hollywood Athletic Clubs, the Writers Club and organizations of similar standing are eligible to membership immediately in the Deauville Beach Club, without action by the membership committee. Simply fill out the following, enclose your check and mail.

It's a Poor Town That Won't Wash Its Own Shirt

Chapter I

"SAY! a fellow came in with this display stand a couple of months ago," said the La Jolla druggist, "and I've been selling this preparation like hot cakes."

Everybody comes back for more—take a chance with it."

In my mind-bound way, I had asked for a certain Eastern preparation. This was made in Los Angeles, purely local in reputation. I took a chance, however, and found it so much better than any I had heard of, I'll send it to you and some day it'll grow into the national market."

Coming to Southern California last winter, after ten years, it was easy to see that the country had grown. More folks, more homes, more motor traffic, more money—more everything. Roundabouts where the barley fields had been, and suburbs where I'd seen them digging the sabre-tooth tiger out of the wonderful La Brea asphalt pits.

But there was something else that interested me as a writer. My wife went into stores and asked for things by brand—the familiar household words of the East. Southern California had its own household words. She got soap powder, sausage, shoes and smokes of local manufacture.

Coming into Los Angeles from the South, by train, I saw factories. Ten years ago there had been no factories.

"New factories started at the rate of more than one a day!" friends told me. "Are they not wonderful—our home industries?"

"I don't know," was my answer. "I've walked at least twice around the world, through factories. Let me look around here, and I'll tell you later."

SO, for several months I've been walking, watching, asking questions, adventuring in this new world, which means so much to many folks in this section, and is so little dreamed of by others. There are some things to tell. I don't pretend to know it all. The fact is, industries are not spectacular to look at. You will find no rubberneck busses taking tourists to the East Side. What becomes of your old tin cans and cracked bottles is interesting to hear. The cans become rabbit metal and pig-iron, the glass goes into window panes. But seeing that done—a hot, dusty walk through a noisy plant. Generally, folks in Southern California are proud of their in-

dustries without knowing much about them. It will help the industries, and help you, if you know more. And so I've undertaken to tell you.

To begin at the beginning, it's a mighty poor town that won't wash its own shirt.

Bring a thousand Americans together anywhere, and they will soon have certain activities going—a steam laundry, a dry cleaning establishment, an ice plant, a motor repair shop, ice cream, soft drinks. When they take the first census of the community, these will be proudly listed as "our industries."

TEN years ago Southern California was washing its own shirt, pressing its own trousers, and doing a little more. These local industries compete only with themselves. But there comes a time when the community reaches out for jobbing, shipping and certain lines of manufacture. The first soap factory is

Banking institutions grow only with the territory served. During the years that manufacturing enterprises have been developing in Southern California there have been many successes and failures. In each case the result has been based on the laws of business.

The time has come to take stock, and these banks have engaged James H. Collins, the well-known investigator and writer on business subjects, to make a series of reports on conditions in Southern California and the Pacific-Southwest.

His findings, just as revealed by us, will, without fear or favor, appear in this column weekly. Remember, they constitute reports not by us, but to us from the ablest expert obtainable. We may or may not agree, but we are sure that these reports will prove interesting.

THE FIRST NATIONAL BANK OF LOS ANGELES
PACIFIC-SOUTHWEST TRUST AND SAVINGS BANK
FIRST SECURITIES COMPANY

likely to be the turning point—the product can be shipped elsewhere, and competes with other soap concerns. Southern California, ten years ago, was getting into this regional manufacturing and competing in nearby markets with other Coast manufacturing sections. Later on I'm going to tell you something about that rivalry—and how I've changed my mind.

When a community begins to make things that compete in the

national market, it has a stiffer fight. But it is a fight for much bigger stakes.

This is the industrial position of the Pacific-Southwest today. It is making many commodities formerly "imported" from the East, and will constantly make more. It is reaching out, with this merchandise, into regional markets as far as Idaho, Utah, New Mexico. It is invading the East's own markets in some lines, at least as far as Chicago. And it is getting into export trade—this, remember, means that some folks think Los Angeles lacks machinery for that kind of business, which is wrong, all wrong!

FIRST the town washes its own shirt. Then it makes soap, and sells some foodstuffs. Then it gets into the "big time," manufacturing what it has been buying far off. And then the fun begins!

For, while everything is going well in this new field of Southern California's enterprises, there are still infant industries. They need considerable nursing. They need correction and teaching. They must be helped, largely by public understanding, to grow up with healthy bodies, and alert brains, and dependable business morals—the latter very important, though sometimes overlooked.

There is a world of romance in these enterprises, and also the unromantic aspect of failure, often preventable. Men have started on a shoestring and made a go of some lines while other men have lost money in financing industrial projects. Get-Rich-Quick Wallingford is here—he always comes where there is strong public interest to furnish free advertising for his worthless schemes. But there are also hundreds of men and women with special knowledge, serving the new industries, and thousands of workers with special skill acquired in older industrial sections. Really, if you had time to go adventuring with me, and compare the home concerns with the best elsewhere, you would be proud of the folks who are developing these new resources, and finding a livelihood in them.

Infants! Some in the cradle, growing lustily. Some have had their bottles stolen. Some growing up on the streets, as they can. Some on their way to school, and having their ears cuffed and their noses bloodied by the big bad boys of competition. Some giving back blow for blow, and a little more for good measure.

NEXT Tuesday, another place here, as Will Rogers says—we will see whether community patriotism plays any part in the growth of home industry, and how far it should go, if at all.

NEWPORT HARBOR, Aug. 2.—With a bustling western driving her through the Pacific at a smart pace, the Pacific's yacht club's burgee came about off the jetty just as the sun was setting early this evening. The arrival of the Channel City yacht club's sailing ship, the first day of the sixth annual Southern California regatta.

Carrying a flood of light canvas the yachts pulled through at 5 p.m. A few minutes later another sail was sighted which proved to be the Channel City's yacht, the second of the three yachts racing for the Channel City Commodore's Cup. Dr. Chandler's Emerald was the third boat to arrive.

The arrival of the three yachts was greeted by a crowd of spectators on the shore. The Channel City's Commodore's Cup, Dr. Chandler's Emerald was the third boat to arrive.

KID'S DAY

With the hundreds of visiting yachtsmen were getting settled and putting their craft in shape for tomorrow's serious racing, the youngsters were out in the water.

Commodore William M. Davenport of the Southern Sailing Club, was in charge of the regatta. He was in charge of the regatta. He was in charge of the regatta.

At 5:30 the starting gun was fired. The Channel City's Commodore's Cup, Dr. Chandler's Emerald was the third boat to arrive.

Robert Van Landingham skipped the boat. The Channel City's Commodore's Cup, Dr. Chandler's Emerald was the third boat to arrive.

At 5:30 the starting gun was fired. The Channel City's Commodore's Cup, Dr. Chandler's Emerald was the third boat to arrive.

MRS. HILL GOLF VICTOR

Midwick Club Star Wins Midsummer Tournament on Del Monte Course

DEL MONTE, Aug. 2. (P)—Mrs. Dorothy Hill, of the Midwick Country Club, Pasadena, today won the annual midsummer golf tournament for women on the Del Monte course, defeating Mrs. Phil Ward of San Francisco, 4 and 3, in the final round.

FRASER LEADING PRO PLAY

Midwick Mentor Heads Fast Field in Big Gun Title Tilt at Annandale

Chick Fraser of Midwick held a maulie niblick for an eagle 3 on seven and wound up with a thirty-six-hole aggregate of 143 to finish one stroke under D. C. K.

Lincoln of Long Beach, and cop low gross in the qualifying play of the annual Southern California Professional Golfers' Association championship at Annandale yesterday.

Fraser scored a 70 to tie with Linars in the field of more than thirty entrants at the end of the first eighteen holes yesterday morning and played the last nine first in the afternoon.

Linars finished several strokes just before the Midwick mentor and Chick knew he needed two birdies on eight and nine for a total of 143 to win.

But Martin of Parkridge, several times title-holder, breezed around in 72 and 73 and will be one of the stiffest challengers for the crown formerly held by George Kerrigan, Jack Tarrant of El Cerrillo scored a 71 in the morning, but slipped up to 78 for a thirty-six-hole aggregate of 149.

But Martin of Parkridge, several times title-holder, breezed around in 72 and 73 and will be one of the stiffest challengers for the crown formerly held by George Kerrigan, Jack Tarrant of El Cerrillo scored a 71 in the morning, but slipped up to 78 for a thirty-six-hole aggregate of 149.

But Martin of Parkridge, several times title-holder, breezed around in 72 and 73 and will be one of the stiffest challengers for the crown formerly held by George Kerrigan, Jack Tarrant of El Cerrillo scored a 71 in the morning, but slipped up to 78 for a thirty-six-hole aggregate of 149.

OGDEN TOPPLES BIG FOUR STAR

Stanford Tennis Ace Downs R. Norris Williams

Three Errors Prove Undoing of Davis Cup Player

Helen Wills and Bunny Ryan Victors at Seabright

SEABRIGHT (N. J.) Aug. 2. (P)—American tennis for the second successive day was rocked today by the downfall of a member of the "big four."

America's Davis Cup captain, R. Norris Williams, today was defeated in the first round of the Seabright Lawn Tennis Club's annual invitation tournament by an unranked collegian from the Pacific Coast, Lionel Ogden of Leland, Stanford.

The score was 6-4, 6-4, 10-8. Three errors by the Davis Cup star finally settling the issue.

Yesterday Vincent Richards conquered William T. Tilden in the metropolitan championship final. Today Richards and William M. Johnston, remaining members of the American 1925 Davis Cup squad, balanced the defeat of Williams with impressive victories. Johnston reacted the third round with victories over M. L. Newman of New York, 6-4, 6-1, and John Pong, Pacific Coast Junior, 6-4, 6-4.

In the women's competition, Helen Wills, national champion, Elizabeth Ryan, Eleanor Goss and Mrs. Mollie S. Mallory were the victors. Miss Wills overhauled the local club champion, Miss Howlands S. Davis, 6-1, 6-0. Mrs. Mallory scored in love sets against Mrs. E. M. Crane, also of the Seabright club, while Miss Goss had no trouble defeating Miss Florence Ballin of New York.

The Williams-Ogden battle came at the close of a day of vigorous play under a hot sun. After taking the first set, Ogden pressed into a lead of 4-3 and 5-3 in the second. He was in two points of match victory in the twelfth game, when Williams broke through to tie the score at 6-6 and then gave the set with perfectly timed drives from the base line.

The third set was a sawsaw battle, each player repeatedly being within a stroke of clinching the set. With the games at 6-5 and 6-7, Williams twice needed only one point to win the battle. But each time he faltered as victory came within his grasp, and Ogden put on the final spirit which decided the contest.

Two of the most famous Helens in sport history are Helen Wills of Berkeley, Cal., and Helen Meany of Greenwich, Ct. Of course, there are and have been other Helens worth mentioning, such as Helen of Troy, who long ago ceased her activities in the ship-launching business, and Helen of Valerius, now a professional swimming instructor. There are also Helen Filkey of Chicago, the national women's sixty-yard hurdle champion, and Helen Jacobs of California, the national girls' tennis champion.

Seabright must be looking to Helen Wills somewhat forebodingly, as it was there that she suffered her only defeat in 1924. And "Bunny" Ryan, her conqueror, will be playing there again, as "Little Miss Poker Face" will encounter some real competition in her first test since her operation.

Helen Wills, the author, artist, tennis-player, is quite different in temperament from Bill Tilden, the author, actor, tennis-player. Bill is a better actor on the courts than on the stage, while the women's champion, although an artist at tennis, confesses her artistic temperament, if she has any, to her art work.

Helen Meany, of the "Greenwich Means" (there are about a dozen kids—old swimmers) is ready to defend her honors won last year in the diving events at Detroit. Helen distinguished herself there by winning the fancy high-diving championship, and placing second in the ten-foot springboard event and in the plate high-diving. She is also the indoor low-board champion, having beaten Betty Becker Pinkston, the Olympic title-holder. She is a veteran of the last two Olympic Games, and is just 21 now!

GALLERY FACES WILSON Tom Gallery, national squash champion, is slated to meet Sandy Wilson in the semifinals of the Wallace McDonald squash tournament, Friday afternoon. The winner of the game meets Leslie Klawater in the final.

Buddy Ryan's Sacramento Senators, who are less than two points from being runners-up to Los Angeles, open a seven-game series with the Hollywood nine at Wrigley Field this afternoon. The Senators are tagging Oakland by a point, and if they clean up on the Stars while the Mission club is brouching Oakland in the north, they may regain the standing they had a week ago.

However, Hollywood is going pretty strong now, and it is no stretch to say that the Senators will be the winners with the series. With athletes received better pitching last week than they have had for some time, and cloaked the apple hard.

However, Hollywood is going pretty strong now, and it is no stretch to say that the Senators will be the winners with the series. With athletes received better pitching last week than they have had for some time, and cloaked the apple hard.

HELEN BELLS

By Feg Murray

Copyright, 1926, by Metropolitan Newspaper Service

HELEN MEANY HAS ONLY ONE CHILD, HER PARENTS SHOULD CALL HER "OLEOMARGERINE" AS THEY HAVEN'T ANY BUTTER.

HELEN WILLS READY TO REVENGE HER DEFEAT AT SEABRIGHT IN 1925.

It seems to be ladies' week in the sports calendar. Helen Wills starts her comeback to the tennis heights by playing in the Seabright (N. J.) invitation tournament, while the women's national outdoor swimming and diving championships begin on Wednesday at Phil-three games.

Two of the most famous Helens in sport history are Helen Wills of Berkeley, Cal., and Helen Meany of Greenwich, Ct. Of course, there are and have been other Helens worth mentioning, such as Helen of Troy, who long ago ceased her activities in the ship-launching business, and Helen of Valerius, now a professional swimming instructor. MOVIES AND GOLD LURE FRENCH TENNIS WIZARD

Cash-and-Carry Pyle Gets Suzanne to Sign on Dotted Line for Trip Across Ocean in September

PARIS, Aug. 2. (P)—Charles Pyle, American sports promoter, announced tonight that Suzanne Lenglen will make a tour of the United States as a professional in the fall. Pyle said the tennis star's tour would begin October 1 and last for four months.

McLARNIN IS LANDED FOR BOUT

Matchmaker Wadhams Returns from Northwest With Signed Contract for Fight

Hagen Wadhams's tour of the Northwest was not in vain. It was learned yesterday that the Vernon matchmaker returned from Vancouver, B. C., with the signed contract of Jimmy McLarnin in his pocket.

The little Irish fighter having agreed to box an opponent here either the latter part of this month or early in September.

The bout will be McLarnin's first in five months, or since he met and was defeated by Johnny Farr at the Olympic last month.

Wadhams says the Irish boy has filled out and now weighs 130 pounds, whereas the last time he boxed in this city he weighed in at the feather-weight limit of 126 pounds. Tod Morgan, junior lightweight king, who meets Tommy O'Brien at the Olympic tomorrow night, is being considered as an opponent.

For months various promoters have been after McLarnin's services, but until Wadhams reached the ear of "Pop" Foster, the veteran manager, turned them all down.

RECENT, Riverside, Cal.

Puzzle: Where do you want me to hang this portrait of your father? Wins: Don't say to lift it. You'll stain your back. Father weighed 250 pounds when that picture was taken.
Douglas H. Rhodes, 628 North Arden Boulevard, Hollywood, Cal.
Answer: (to Little Johnny) Johnny, can you tell me what father's are? Little Johnny: Fathers are cat's hairs that have branches on them. Mildred Wolcott, Lancaster, Cal.
Answer: By the way, Puckham, how's your wife? You used to say you have the best girl when you were single. Puckham (nearly): She's still boss. Anna B. Deane, 647 South Chicago street.
Answer: Little Donald: I'm going fishing. Big brother: You don't know how to fish. "Yes, I do! You catch them by their faces, cut off their tails, and eat their backs." Mrs. A. W. Barker, 516 South Hildalgo avenue, Alhambra, Cal.

**INDEPENDENCE
MOVE ASSAILED**

*Sides in Philippine
Controversy Argued*

Philippine Lawyer Asserts
Proposal Unwise

Japanese Dominance Said to
be Inevitable

WILLIAMSTOWN (Mass.) Aug. 2.—(AP)—Arguments for and against Philippine independence were made by two speakers, two on each side, before the Institute of Politics today.

An address for independence was made by Pedro Quirera, resident commissioner from the Philippines, and in detail of immediate and complete independence he advocated that the islands be permitted to form their own constitution and conduct their own affairs.

Stephen F. Duggan of New York University and a member of the American Educational Commission said it was debatable whether the Philippines could conduct their own affairs, and he favored the United States to continue to govern the islands, which provides that in twenty years the people on the islands must vote on severing or continuing their United States connection.

JAPAN FEARED

He also said that the islands would be insecure if the United States would withdraw and that Japan

WILL BOYLAN, Manager

NEW AUTO PLATES MAROON

SACRAMENTO, Aug. 2. (AP)—Buff-colored letters and numerals on a dark maroon background will constitute the color scheme of automobile license plates in California next year, Will H. Marsh, chief of the State Division of Motor Vehicles, announced today. All motor vehicles with the exception of solid-tired trucks will use the plates. The solid-tired trucks will wear white figures on a red background. With a view to giving the plates greater advertising value for the State, the arrangement of letters and numerals will be changed radically. "California" will be spelled out instead of abbreviated, and the prefix A. B. C. and so on will be eliminated, thus allowing Car No. 1,875,000 to reveal upon its license plate the size of California's automobile family.

probably would attempt to control them.

Judge Jose A. Santos, a member of the Philippine Cabinet under Gen. Leonard Wood, advocated granting of independence by the following steps:

"The United States should authorize the Philippine Legislature to call for a constitutional convention. Under the government formed by this Constitution, the Philippines would confer upon the United States such rights as are necessary to safeguard our special interests. A treaty might then be concluded which should provide for the establishment by the United States of a naval base on the islands, and which would adjust financial and trade relations and provide for compensation of Americans discharged by the government by reason of its new status."

SEPARATION UNWISE

Vicente Villamin, Filipino lawyer and economist of New York, declared immediate absolute separation from the United States would be extremely unwise for the Philippines. He advocated establishment of complete local self-government by Philippine, with a Philippine-drafted Constitution

**MONTANA
PRIMARIES
ON TODAY**

*Prohibition Modification
Stressed in Absence of
Outstanding Issues*

HELENA (Mont.) Aug. 2. (AP)—No outstanding issues have been raised in the primary election which will be held in Montana Tuesday, although several candidates are stressing the prohibition modification questions.

Republicans and Democrats will select candidates for Congress, the Supreme Court, the Railway Commission, the Legislature and various county offices. The Farmer-Labor party has an unopposed candidate for Congress in the eastern district.

Representative Leavitt of Great Falls, a Republican, is opposed for renomination by Arthur Franke of Lewiston and John Oliver of Etahala. Mayor Harry B. Mitchell of Great Falls is unopposed for the Democratic nomination, as is Clair Stoner of Plentywood for the Farmer-Labor nomination.

In the western district Representative Evans, a Democrat, faces Byron E. Conroy of Butte. Republicans contesting for the nomination are Stanley R. Foot and H. F. McConnell of Helena; Donald Higgins of Missoula; Charles J. Jettison of Butte, and John McLaughlin of Stevensville.

**Operation Fails
to Save Life of
Phoenix Oculist**

PHOENIX, Aug. 2. (Exclusive)—Dr. Ancil Martin died this afternoon in a hospital, following an operation for gall stones and after prostration of only a few days. He ranked as one of the leading oculists of the Southwest and for many years had been on the medical staff of the largest mining companies and main-line railroads of the State.

Dr. Martin was in his sixty-fifth year. He was a native of Iowa, a graduate of Michigan University and of Rush Medical College in Chicago. In 1891 he came to Phoenix and four years later entered into marriage to Miss Miriam Talbot. He leaves his widow, two sons and two grandchildren.

In 1912 Dr. Martin was president of the Phoenix Chamber of Commerce and he had served as president of the Maricopa County Medical Society and president of the Arizona State Medical Society. For twelve years he was connected with the Board of Arizona Medical Examiners, as secretary and president. He also served on boards of education and was a member of the commission that drafted the Phoenix city charter.

**Group to Fight
for Law Repeal
Files Articles**

SACRAMENTO, Aug. 2. (Exclusive)—Pledged to work to bring about the repeal of State laws which are in conflict with the principles of individual freedom and personal liberty, the Public School Protective League of Los Angeles today filed articles of incorporation with Secretary of State Jordan.

The league proposes to carry on a campaign through newspapers and by means of lectures to "educate the public regarding the facts concerning any invasion of the public-school system by private interests."

The directors of the league are: Douglas L. Edwards, Harry W. Forbes, Charles A. Harvey, Mae Parsons, Ruth Sterry, Marshall Stinson, Leonora A. Thibault, all of Los Angeles; Mary B. Williamson, Pasadena, and Edward J. Callaway of Long Beach.

**AMERICAN DEEP-WATER
COMMERCE INCREASES**

TRAFFIC THROUGH OUR PORTS
SHOWS GAIN OF
3 PER CENT

WASHINGTON, Aug. 2. (AP)—Combined foreign and intercoastal freight traffic through American seaports in the first three months of this year amounted to 25,365,000 tons, an increase of approximately 3 per cent over the tonnage moving in the same period last year.

A summary of this combined traffic for the twenty leading ports on the three coasts prepared by Shipping Board experts says that the figures give a more nearly complete picture of American deep water commerce than could be obtained through the separate survey of foreign and intercoastal tonnage. About 30 per cent of the total was intercoastal cargo moving through the Panama Canal

**TREMOR ROCKS
COL. THOMPSON**

*President's Investigator
Experiences Shock*

Envoys to Philippines to
Divide His Party

Members Amazed at Giant
Rice Plantation

MANILA, Aug. 2. (Exclusive)—Col. Carmel Thompson, President Coolidge's personal investigator in the Philippines, and Mrs. Thompson were seated at luncheon at the Manila Hotel when a distinct earthquake rocked the chairs and table. The quake caused a rock to the chairs in an easy motion similar to that of a coal.

Because of the many opportunities for investigation, Col. Thompson now is splitting his party into several groups. For example, he sent Secretary James L. E. Jappe and several newspapermen yesterday to look over the rice plantation development not far from Manila, which has been accomplished by Felipe Buencamino, Jr., son of the secretary of State under Gen. Aguinaldo, who now is recognized as one of the rice kings of the islands.

Secretary Jappe reported that the success of the intensive cultivation of the 3000 acres was due largely to Senator Buencamino's absorption of American administrative efficiency coupled with the similar traits of his wife, who also is an American university graduate and who oversees most of the affairs of the great farm, leaving Senator Buencamino free to devote a large part of the time to engage in the practice of law in Manila and engage in financing projects similar to his own.

The colonel and his party will leave tomorrow for a two-day visit to the Province of Tayabas, the home territory of the President of the Senate, Manuel Quezon. They are laying the departure long enough to receive Senator Sergio Osmeña, former speaker of the Philippine House of Representatives, who is due to arrive on the President Jackson in the morning. He will be greeted by a celebration, including fireworks, which ordinarily are prohibited, even on July 4, because of the danger of fires.

**Daugherty Ban
on Andes Trail
Promotion Plan**

SACRAMENTO, Aug. 2. (Exclusive)—State Corporation Commissioner Daugherty announced today that permission will not be granted to the Andes Trail Association, formed to promote a \$100,000 paved highway and airway from Southern California to Buenos Aires, to sell memberships until it matures its plans more thoroughly.

This decision was reached by Daugherty as the result of a hearing held before E. Walther, chief deputy commissioner. The hearing developed that the association was not formed to make profits and that the promoters expected to sell memberships at prices ranging from \$1 to \$1000.

**Fatal Malady in
Vicinity of Reno
Starts Inquiry**

RENO, Aug. 2. (AP)—County, State and city health authorities are seeking the source of a fatal malady which has claimed the lives of two children in the family of Patrick Mallon who is in the Southern Pacific Hospital at San Francisco receiving treatment for the same illness. Three others in the Vista region are suffering from what is diagnosed as illio-colitis.

Tests made of water and food-stuffs failed to reveal the source. The State hygienic laboratory is considering a plan to test the earth around Vista to see if it is poisoned and has transmitted the poison to vegetables. Vista is seven miles east of here.

**RUPTURE
EXPERT HERE**

F. H. Seeley, of Chicago and Philadelphia, the noted expert, will personally be at the Rosalyn Hotel, and will remain in Los Angeles this Tuesday, Wednesday, Thursday and Friday from 10 a. m. to 5 p. m. daily. Mr. Seeley says:

"The hernia should not only retain any sense of rupture perfectly, but contract the opening in the days on the average case. Being a man of average size, I am able to perform all the necessary operations, including the most difficult and complicated operations, such as the repair of the abdominal rupture (following operations) and the repair of the abdominal rupture (following operations) and the repair of the abdominal rupture (following operations)."

CAUTION—All cases should be treated as soon as they are discovered and not where the rupture is large and the contents are protruding. Mr. Seeley has performed from the United States Government, Washington, D. C., for inspection. He will be glad to consult with any doctor or surgeon. Business demands prevent him from being in Los Angeles for more than a few days.

Every statement in this notice has been written before the Federal and State Courts.

Home Office, 117 N. Dearborn St., Chicago.

HUNT MAY QUIT
DUE TO HEALTH

Arizona Governor Said to be
Pondering Withdrawal

Time too Short for Bringing
Out New Candidate

Executive's Illness Dates
Back for Year

PHOENIX, Aug. 2. (Exclusive)—
Rumors have been persistent within
the past few days that Gov. G. W. P.
Hunt again is considering with-
drawal from the gubernatorial race.
It is stated that his health may not
stand up under the strain of what
already has developed into the stiffest
primary contest he has ever known,
with a hard campaign to follow in
the event he wins over his Demo-
cratic opponents in September.

Though it is evident that Hunt has
not been assured of his old-time sup-
port in Southern Arizona, and though
the unanimous support of the union
no longer is given him, no assump-
tion of fear of defeat is carried in
the folds of his possible departure
from the political stage. Hunt never
has been called "yellow." He never
has appeared to better advantage
than with the smoke of smoke combat
in his nostrils when "let up," to use
one of his own expressions, while de-
bouncing the corporations, the "pop-
per-collared" press, the Colorado
River compact, the Asiatic menace or
any other of his personal political
punching bags.

REASONS FOR STAYING
Two or three reasons are clear why
he should not withdraw. The first is
the sharp cry of his several thousand
officeholders and personal employees.
Another is the fact that it is almost
too late to bring out a Hunt can-
didate for the Governorship, while

PARK EXTENSION OPPOSED

Los Angeles Chamber of Commerce Protests Proposed
Expansion of Yosemite Playground

SAN FRANCISCO, Aug. 2. (AP)—Representatives of the Los Angeles Cham-
ber of Commerce and hydroelectric power, cattle, sheep and water con-
servation interests appeared today before a special co-ordination commis-
sion appointed by President Coolidge to investigate the advisability of ex-
tending the boundaries of Yosemite National Park, and emphatically op-
posed such extension.

The extension proposal, submitted
by W. B. Lewis, superintendent of
the park, would include approxi-
mately 100,000 acres of the Min-
nerette-Mountain country and
the region at the headwaters of the
north and middle forks of the San
Joaquin River.

A letter from the Los Angeles
Chamber of Commerce pointed out
that no national park area should
be extended where a great economic
loss will result. The area it is pro-
posed to annex is rich in mineral
content and is widely used for sheep
and cattle grazing, the letter said.
Lloyd Root, State mineralogist, said
that the proposed park annex is still

both Ellinwood and Cox, now op-
posing him, are free in denouncing his
policy, especially with sharp per-
sonalities. To surrender would be
almost a betrayal of the cause, and
of possible interparty combinations
that might mean much. He has been
a dictator so long that the act of
relinquishing the septeer assuredly
would be a painful one. He would
like to be a victor once more, espe-
cially over the Democratic hosts that
now threaten his fortress. It is only
possible his mantle may fall on Cox.
Hunt states that he returned to
the fight after his withdrawal of a
couple of months ago, simply be-
cause of the attacks that had been
made upon him in Arizona and Cal-
ifornia and because he was needed as
a champion of the State in the Colo-
rado River muddle. At the time of
the closing of Congress, this was re-
ferred to by Senator Cameron of
Arizona, who, calling Hunt "that ven-
erable leader of the masses," said that
Hunt's resignation was "because of
his health and small personal fortune
he could not combat successfully the
herd of money California interests
are pouring into Arizona to drift
him because of his opposition to their
Colorado River program."

GOVERNOR BELLIGERENT
Nothing save belligerence is voiced
by the Governor in any of his public
utterances and he has started on a
campaign trip into Northern Arizona,
leaving an interview in which he de-
clared that Candidate Ellinwood's ex-
penditure for advertising "amounted to
more in one week than I expended
in my primary campaign two years
ago."

So if Hunt really does withdraw, it
will be for reasons of health, solely.
He is considered a sick man, his ill-
ness dating back for more than a
year, including weeks in hospital,
where he was operated upon, and a
season at Agua Caliente Hot Springs.

SEVEN MEET DEATH
IN SAN JUAN STORM

SAN JUAN, Aug. 2. (AP)—With com-
munication, generally severed, but
with all sections of the island not
yet having been heard from, the po-
lice report that a total of seven per-
sons were killed in last week's storm.
The Motor Cycling Club of London
had 240 entries in its London-Edin-
burgh race this spring.

SOUTH GATE GROWING
SOUTH GATE, Aug. 2.—The popula-
tion of this city is increasing rap-
idly, according to figures given out
today by the city clerk. Last year the population
was around 7000, and the new di-
rectory figures show it to be 8100.

MORE THAN HALF A CENTURY OF PROGRESSIVE BANKING SERVICE

first to build then to preserve

OVER a period of more than 55 years, this bank has again and again seen such things as this happen...

A Customer in its commercial department commences a business enterprise. He is energetic and capable and his business grows, perhaps to large proportions. With characteristic wisdom, he converts the fruits of his efforts into real and personal property.

Due care and proper disposition of his holdings require another form of service...and he becomes a customer of our Trust Department. It may serve him in a variety of ways and on numerous occasions during his lifetime, then finally, as Executor of his estate, it carries out as only a highly efficient, corporate executor can, the wishes expressed in his will.

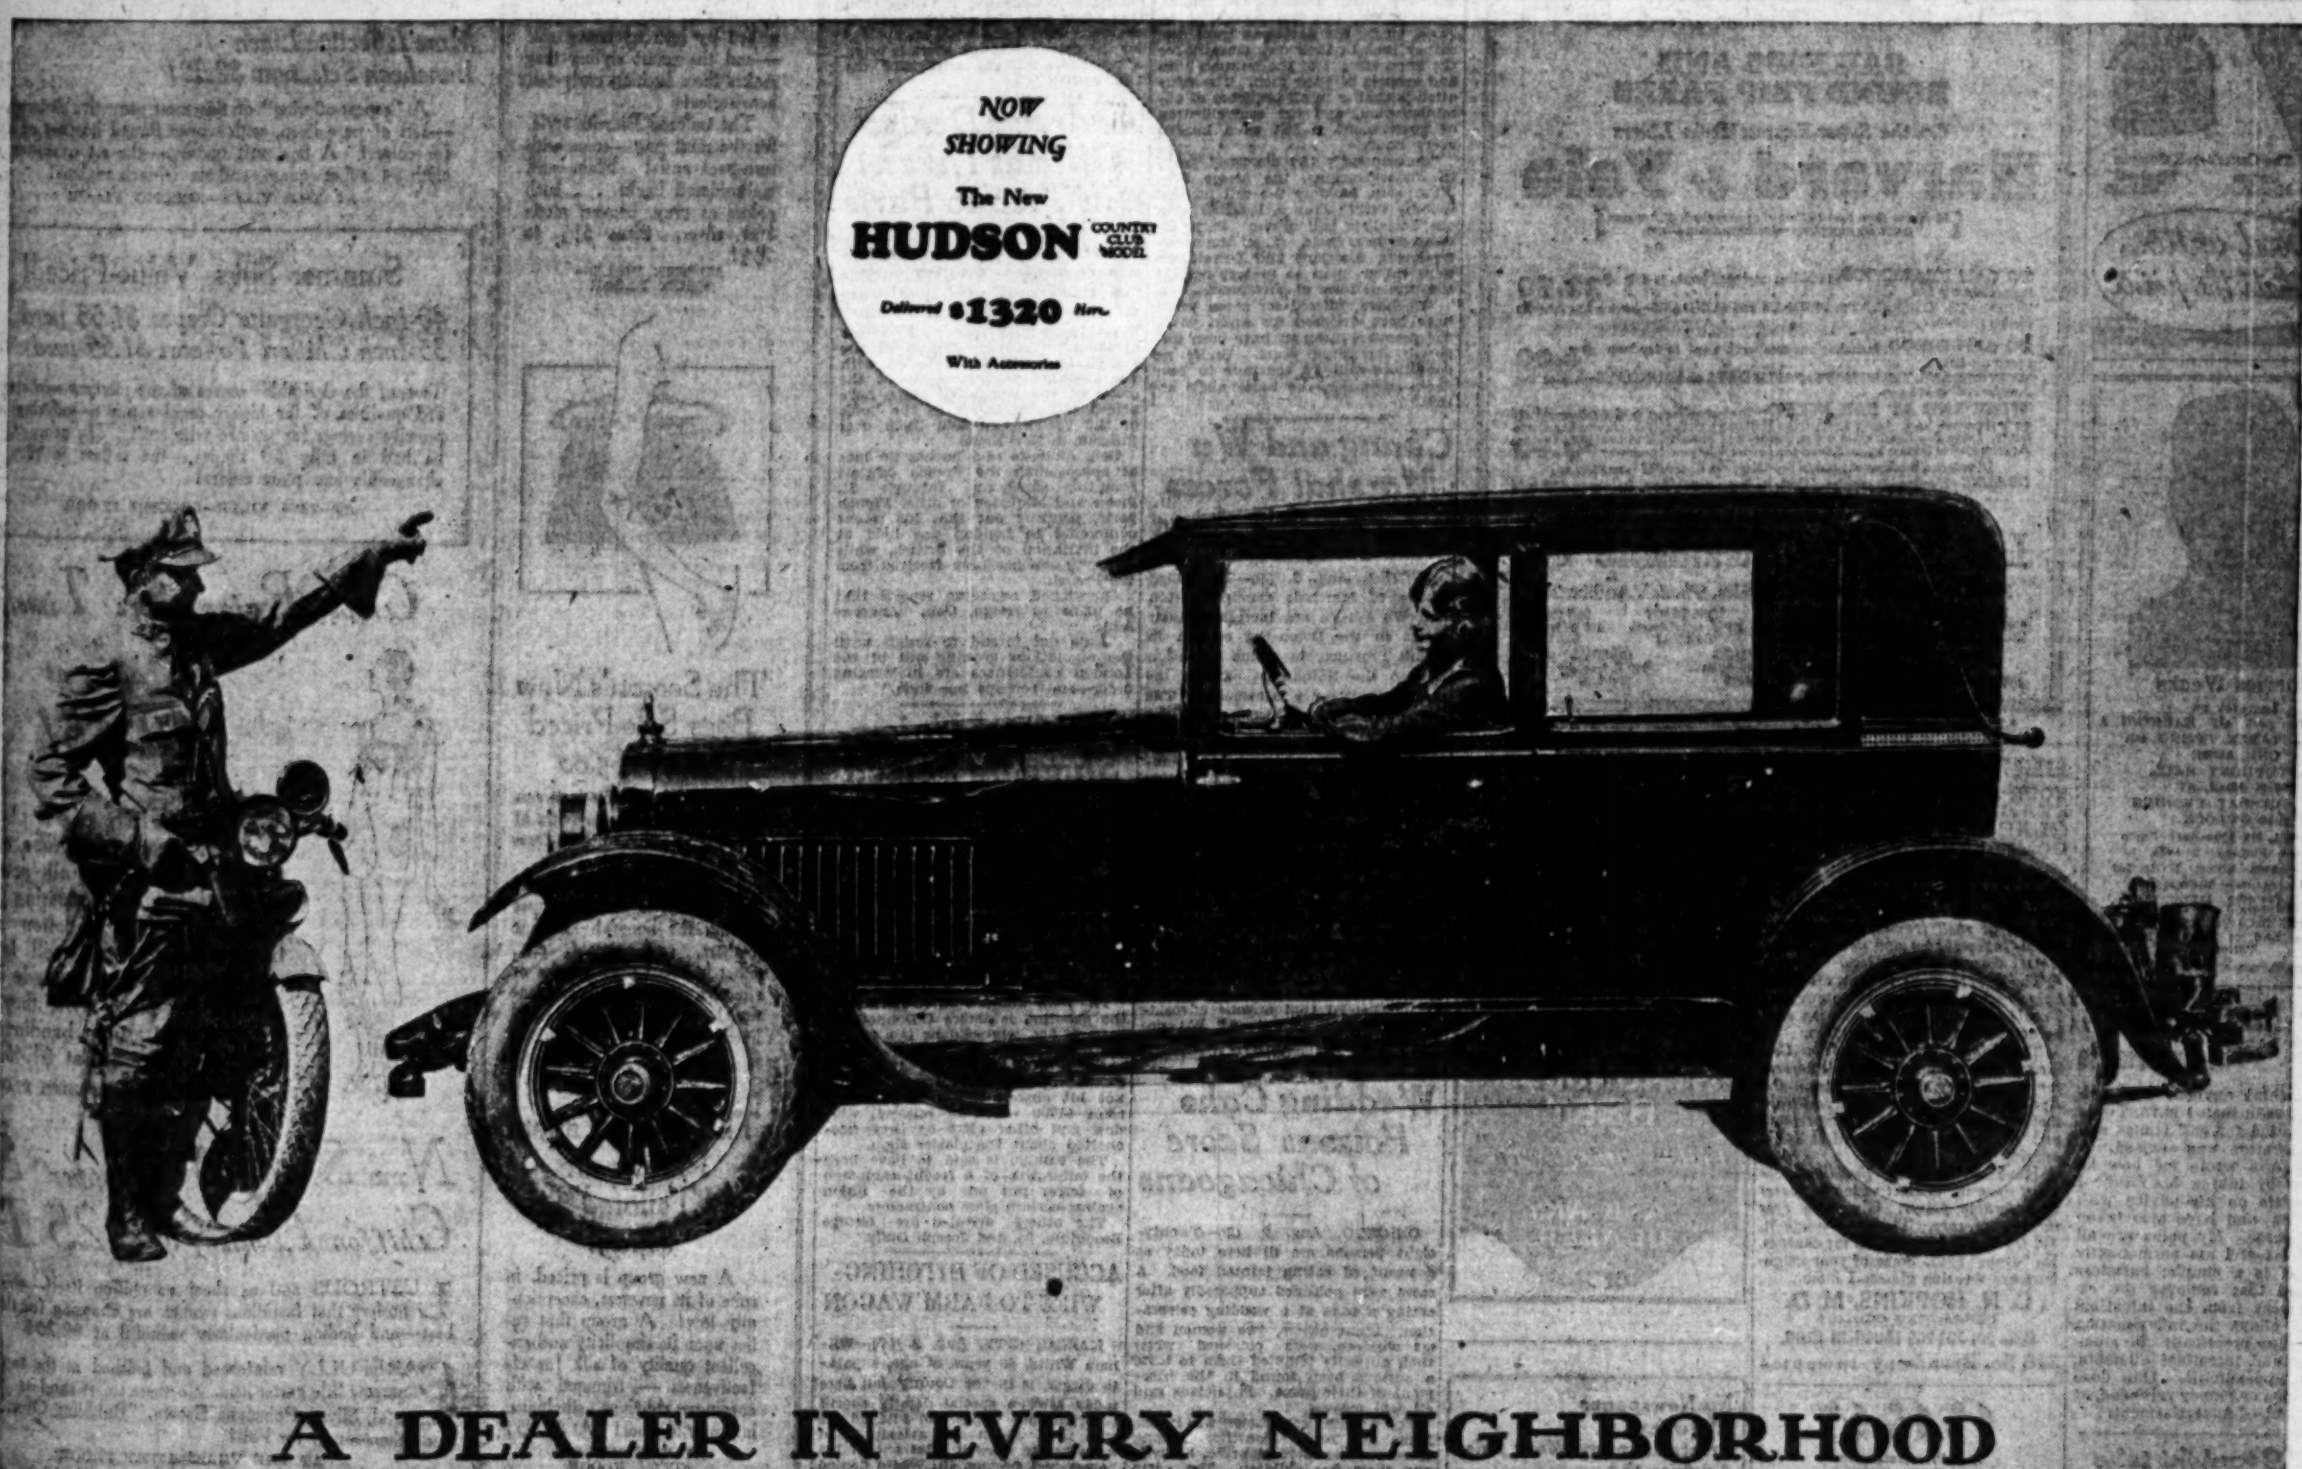

That cycle has been completed in hundreds of instances. The customers of this bank, as occasion requires, turn to its Trust Department for precisely the same reason that prompted them to open their first account here...

A progressive, diligent service seasoned by more than half a century of experience.

ALSACE IRKED BY PARIS RULE

Will Appeal to League for Autonomy

French Control Seen As Curb to Liberty

Objections to Bilingual Status Cited

BERLIN, Aug. 2. (Exclusive).—Alsace and Lorraine will appeal to the League of Nations for administrative autonomy of the country within France, unless the latter grants the reforms we demand," Dr. Ricklin, president of the Alsatian Diet, an opponent of the former Kaiser under the German reign and now leader of the Alsace-Lorraine autonomists, said yesterday.

"Alsace and Lorraine are preparing to submit to the League of Nations the problem of the administration, which has been the object of war between Germany and France from 1871 until the World War of 1914."

MISUNDERSTANDINGS
"Alsace and Lorraine's call for autonomy is not a protest against the conquest of the country by France, as the German Fascists would like to intimate. It is due to religious and cultural and primarily to administrative misunderstandings between Alsace-Lorraine and France. Religious, because France separated the church and state and rooted out the influence of the church from the schools, while at least 80 per cent of Alsace and Lorraine are devoutly Catholic and the church holds a predominant position in their wealth, the same as in the days of the German Kaiser.

RESPONSE NOT PERFECT
"A 100 per cent response from borrowers was not expected nor has been realized. The Foundation did not enter the field of student loans with any happy illusion that all would settle their obligations strictly in accordance with agreement. Had there been even a reasonable probability of such a situation there would have been little excuse for this trial of the solvency of student character, and certainly no valid reason for developing in advance the strict follow-up program which has been provided as one of the four essential features of this plan for the administration of loans.

SERIOUS WEAKNESS
This has been shown so frequently as to be characteristic and appears to indicate a very serious weakness in collegiate or precollegiate training. In no school where loans have become due has every borrower made such payment on, or within ten days of its due date; and it has been observed that the colleges whose student body consists largely of those of very limited means make actually the better showing.

ANDREWS DENIES OFFICIAL INTENT IN TRIP TO PARIS

PARIS, Aug. 2. (P)—Brig.-Gen. Lincoln C. Andrews, American prohibition enforcement chief, said today that his visit to Paris is unofficial, but that he may take up a "minor question" with the officials of the French Line. This has to do with the assertion that members of the company's ships have placed cases of liquor in the holds of the vessels and sold them over the front in New York.

CHANG AND WU Marshal Forces in Chihli Area

PEKING, Aug. 2. (P)—The allied armies of Marshals Chang Tso-Lin and Wu Pei-Fu are increasing their forces in the Dolon-Nor section in Chihli Province, to which operation against the Nationalist army increased importance is attached. The statement that has existed on the Nankow front following the defection of two brigades of allied troops necessitating the shifting of commanders and realignment of forces is believed here to indicate that the allies realize the necessity of renewing an attack on Nankow and consequently the next movement is looked for in the Dolon-Nor region.

WEDDING CAKE Poisons Score of Chicagoans

CHICAGO, Aug. 2. (P)—Twenty-eight persons are ill here today as a result of eating tainted food. A score were poisoned supposedly after eating a cake at a wedding celebration. Eight others, two women and six children, were poisoned when their curiosity tempted them to taste a curious bean found in the basement of their home. Physicians said all will recover.

STUDENT LOAN SYSTEM WORKS

Report Says Scholarships Should be Supplemented

Harmon Foundation Tells of Successful Experiments

Few Borrowers Fail in Their Obligations

NEW YORK, Aug. 2. (Exclusive).—Scholarships in American universities and colleges should be supplemented by property administered systems for student loans, according to a statement by the Harmon Foundation, covering four years of experimentation in the student loan field. The statement continues:

"Although this division began lending money to college students in 1922, it was not until July 1, 1924, that the first test of the efficiency of its methods was made. On that date the initial installments of \$10 were due from those who had graduated in 1923. Since then the successful course of repayments has furnished the foundation with conclusive evidence supporting its system of lending on business terms, with personal integrity plus a mutual or group guarantee as the basis of security rather than personal endorsement or other forms of collateral.

RESPONSE NOT PERFECT
"A 100 per cent response from borrowers was not expected nor has been realized. The Foundation did not enter the field of student loans with any happy illusion that all would settle their obligations strictly in accordance with agreement. Had there been even a reasonable probability of such a situation there would have been little excuse for this trial of the solvency of student character, and certainly no valid reason for developing in advance the strict follow-up program which has been provided as one of the four essential features of this plan for the administration of loans.

SERIOUS WEAKNESS
This has been shown so frequently as to be characteristic and appears to indicate a very serious weakness in collegiate or precollegiate training. In no school where loans have become due has every borrower made such payment on, or within ten days of its due date; and it has been observed that the colleges whose student body consists largely of those of very limited means make actually the better showing.

ANDREWS DENIES OFFICIAL INTENT IN TRIP TO PARIS

PARIS, Aug. 2. (P)—Brig.-Gen. Lincoln C. Andrews, American prohibition enforcement chief, said today that his visit to Paris is unofficial, but that he may take up a "minor question" with the officials of the French Line. This has to do with the assertion that members of the company's ships have placed cases of liquor in the holds of the vessels and sold them over the front in New York.

CHANG AND WU Marshal Forces in Chihli Area

PEKING, Aug. 2. (P)—The allied armies of Marshals Chang Tso-Lin and Wu Pei-Fu are increasing their forces in the Dolon-Nor section in Chihli Province, to which operation against the Nationalist army increased importance is attached. The statement that has existed on the Nankow front following the defection of two brigades of allied troops necessitating the shifting of commanders and realignment of forces is believed here to indicate that the allies realize the necessity of renewing an attack on Nankow and consequently the next movement is looked for in the Dolon-Nor region.

WEDDING CAKE Poisons Score of Chicagoans

CHICAGO, Aug. 2. (P)—Twenty-eight persons are ill here today as a result of eating tainted food. A score were poisoned supposedly after eating a cake at a wedding celebration. Eight others, two women and six children, were poisoned when their curiosity tempted them to taste a curious bean found in the basement of their home. Physicians said all will recover.

GLAZIERS' UNION Sluggers Seized After Shooting

CHICAGO, Aug. 2. (Exclusive).—Efficient work by two plain-clothes policemen late today landed three asserted sluggers for the glazier's union in cells after they had intimidated employees and shot up the premises of Richard M. O'Connor, glazing contractor.

ACCUSED OF HITCHING WIFE TO FARM WAGON

KANSAS CITY, Aug. 2. (P)—William White, 46 years of age, a politician, is in the County Jail here today after a special deputy sheriff reported that White had hitched his wife to a wagon and attempted to force her to draw it after one of his horses had become ill. White denied the charge and said he had unhitched the ailing horse and let his wife lead it.

Closed Saturdays Until September

VILLE DE PARIS SEVENTH AT OLIVE B. H. DYAS CO.

Shop Early on Friday

Tuesday and Wednesday Economies for Early-in-August

Announcing— the Greatest Three Clubs in the World— One Membership! Beach! City! Country!

This advertisement is sponsored by the Board of Directors of the Three Breakers Clubs and is intended to set forth the many advantages offered by these combined clubs.

—at Ocean Front & Marine Terrace
Santa Monica—
Breakers Beach Club

The Breakers Beach Club, rapidly nearing completion at Ocean Front and Marine Terrace, Santa Monica, is now combined with two other wonderful clubs, the Breakers City and Athletic Club, to be built at Sixth and Loomis Streets, Los Angeles, and the Breakers Country Club, site now under consideration, not more than 30 minutes from Seventh and Broadway, Los Angeles.

Breakers Beach Club Open Now

Available to all members at the present time is the Breakers Beach Club rapidly nearing completion at Santa Monica. The Beach Esplanade, fronting the great private Beach, together with the Beach Grill, is open and in operation. Also Club Lockers and Private Dressing Rooms are in use and being assigned to new members as enrolled.

Main Clubhouse to Open Soon

Progress on the Main Clubhouse, now under construction, has reached a stage where the finished structure, with its great graceful lines, and ample room is easily discernible to the eye. It is expected this beautiful building will be completed very shortly now and plans are under way for one of the greatest gala times at its formal opening.

Many Wonderful Features

One of the exclusive features of the Breakers Beach Club (known as "The Club of a Thousand Innovations") is the Galleria Promenade, a fine wide outdoor promenade, three stories in the air and running around two sides of the building. Other features of this wonderful clubhouse will be the Main Dining Room, beautifully furnished Lobby, the Gymnasium, Indoor Plunge and Wading Pool, Bathers' Grill reached by private stair from the beach, tastefully furnished Guest Rooms and many other features too numerous to mention.

—at Sixth and Loomis Streets—
Los Angeles—
Breakers City Club

The Breakers City and Athletic Club, soon to be erected at club location, Sixth and Loomis streets, Los Angeles, the property of which is owned in fee by the Breakers Club Corporation, will be metropolitan in every respect.

Limit-Height Club Edifice

A modern 13-story Class A building will house the many activities of the Breakers City and Athletic Club, one of the Three Breakers Clubs now available for the price of one. This club is located in the Metropolitan district of Los Angeles, one block from the Jonathan Club, and near the California Club, new City Library, downtown shopping and business section.

500-car Garage for Members' Use

Adjoining the Breakers City and Athletic Club will be a 500-car garage, which members may use. This garage is finished and in operation at the present time.

Five Floors of Guest Rooms

Five floors of the beautiful Breakers City and Athletic Club will be given over to Guest Rooms for members. There will be over 250 of these rooms, single or en suite.

Roof Garden—Theater— Many Features

At the Breakers City and Athletic Club a unique feature will be the Roof Garden, high above the city, where one may dine and dance. Many features are to be incorporated in this fine club, chief of which will be a modern theater, gymnasium, plunge (one entire floor having been set aside for this feature), Ballroom, Dining Room, Gentlemen's Grill, Coffee Room, Billiard Room, Game Rooms, Main Lobby and Reception Hall and other wonderful features that go toward making a real Metropolitan Club.

—30 Minutes from 7th and Broadway—
Los Angeles—
Breakers Country Club

The Breakers Country Club, the site for which is now under consideration, within 30 minutes' driving time from 7th and Broadway, Los Angeles, will be available to all members of the combined Breakers Clubs. One membership entitles you and your family to full use of any or all of these three clubs.

All-Grass 18 Hole Golf Course

The Breakers Country Club, a wonderful piece of property, consisting of over 150 acres, is to have one of the finest 18-hole Golf Courses in Southern California. The course will be constructed under the direct supervision of one of America's foremost golf architects.

20 Tennis Courts—Outdoor Pool

At the Breakers Country Club it is planned to construct twenty tennis courts, fifteen of which will be grass courts, and five, hard, or championship courts. A great Outdoor Pool, located near the caddy house and main country clubhouse, will furnish aquatic sports.

The Beautiful Clubhouse

A Country Clubhouse second to none will be constructed for the use of members of the Breakers Club and will be one of the finest and most complete structures of its kind in the West. Full facilities will be incorporated, such as dining rooms, grills, showers and lockers for both men and women, ballroom, lounging rooms, game rooms, guest rooms, and spacious lounge.

Bridle Paths—Whippet Racing Course—Trapshooting Range

Everything that goes to make up a real country club such as: bridle paths for the early morning canter; stables and riding ring, with competent instructors and fine saddle horses; whippet racing course, and a fine trapshooting range will be available for the sportsmen.

BOND QUOTATIONS

NEW YORK, Aug. 2 (P)—The bond market went forward today with little change from its temperate pace of the last two weeks. Transactions for the most part were confined to small lots and no distinct movement was apparent.

The foreign list generally was firm under the lead of French issues. The 7s and 7 1/4s of that country both registered gains of a full point, the dealing in the former being in comparatively heavy volume. Buying of French obligations followed receipt of a dispatch from Europe saying that Secretary Mellon had been instructed by President Coolidge to make a survey of the financial condition there. This news was regarded as bullish, particularly for the French issues, but those of other countries also showed a response, notably Belgian 5 1/2s, Rhenish 7s and German General Electric 5 1/2s and 7s which rose fractionally on moderate turnover.

Internal troubles in Mexico apparently had their reflection in the market, Mexican 6s, small amounts dropping 3 points and other Mexican issues slipping off from 1 1/2 to 2 1/4 points.

Domestic corporation bonds were irregular and generally without price variations. Among the stronger rail issues were Chesapeake and Ohio convertible 4s which rose 3/4, Missouri-Kansas-Texas 4s which were up 1 1/4, Wabash, Omaha division 5 1/2s, up 1 1/4, and Delaware and Hudson 6s, up 1 point.

New York Street Railways developed weakness on very small trading, losing 1 1/4 points. Kelly Oil stock a spurt of 3 3/4 points on relatively important trading. Trading in United States government bonds was very dull and prices were little changed.

UNITED STATES GOVERNMENT BONDS
The quotation report of bonds (in thousands of dollars) for the week ending Aug. 2, 1926, is as follows:

Amortized Building Loans

LONG-TERM loans which may be arranged before building operations are started, and paid off in easy semi-annual installments over a period of years, offer important advantages to owners of sites upon which private residences, courts, flats, apartments or semi-business buildings are to be erected.

We shall be glad to consult with you concerning your plans and financial requirements.

ASTOR APARTMENTS
LOS ANGELES, CALIFORNIA
First Closed Mortgage 7% Serial Gold Bonds
DENOMINATIONS \$1000, \$500 AND \$100
DATED: JULY 1ST, 1926. DUE: SERIALLY JAN. 1ST, 1928, TO JULY 1ST, 1936.
Interest Payable January 1st and July 1st. Callable at 103 and Accrued Interest.
UNION BANK & TRUST COMPANY OF LOS ANGELES—TRUSTEE
Exempt from Personal Property Tax in California
Application has been made to have these bonds certified as Legal Investments for Savings Banks in California.
SECURITY
These bonds are secured by a Deed of Trust on the land (owned in fee) occupying the southwest corner of Grandview Drive and Eighth Street, having a frontage of 75 feet on Grandview Drive, and of 135 feet on Eighth Street; and the Astor Apartments Building, which is to be erected thereon, including the equity in the furniture and furnishings. This building is to be a modern six-story and basement apartment structure of fireproof, reinforced concrete construction in Spanish Renaissance architecture, and will be of imposing appearance, containing 47 apartments of 160 rooms, and lobby, lounge, billiard room, trunk room, linen room, laundry room, etc. Each apartment will be equipped with electric refrigeration and a garage and refuse incinerator connected by special hooper in each floor. There will be two automatic elevators. THE BASEMENT WILL CONTAIN A 25-CAR GARAGE FOR THE EXCLUSIVE USE OF THE TENANTS.
APPRAISAL
LAND AND BUILDING APPRAISED BY J. W. LONG AT \$262,952.40, leaving a margin of value of \$112,952.40, above the amount of the loan.
EARNINGS
Estimated net annual earnings.....\$66,120
Greatest combined interest and principal requirement.....18,503
Surplus of earnings.....50,617
The estimated net income, allowing 25% for overheads, is over 6 times the greatest interest charge and over 2 1/2 times the greatest combined interest and amortization requirement.
LEGALITY AND INSURANCE
All legal matters pertaining to this issue have been approved by Lissner, Roth and Ginter, of Los Angeles, Attorneys for the underwriters. A Bondholders' Policy of Title Insurance will be issued by the Title Insurance and Trust Company of Los Angeles. Adequate fire, earthquake, public liability and occupiers' liability insurance will be written and maintained. THE NATIONAL TRUST COMPANY WILL ISSUE A BOND GUARANTEEING COMPLETION OF THE BUILDING FREE AND CLEAR OF ALL LIENS.
PRICE: MATURITIES—1928 and 1929—101 and accrued interest.
MATURITIES—1930 to 1936—100 and accrued interest.

NEW YORK CURB STOCKS

NEW YORK, Aug. 2. (P).—Reflecting the bullish enthusiasm which marked dealings on the stock exchange, the curb-market stocks worked higher today in moderate active trading. Oil and specialty shares made the best showing, with public utilities generally marking time. One of the features of the day was a rise of more than 10 points in Stanley Company of America to a new high price at 78 in response to the announcement that this company would head a large combination of motion-picture theaters. Stiffening wholesale gasoline quotations in the West accounted for a revival of interest in the oil stocks, although gains were limited. Standard Oil issues moved up under the leadership of the New York company, which advanced nearly a point on a large turnover. Humble Oil jumped 3 1/4 points while Ohio Oil was lifted nearly 2 points on the announcement of an extra dividend. Crook, Syndicate, large blocks of which recently were taken up by a banking group, reached the best price of the year but later recoiled fractionally. Among the utility issues which made good headway were Commonwealth Power shares and warrants, Engineers Public Service and Northwestern States Power "A". Celotex, E. Parker-Davis and Singer manufacturing displayed independent strength. The closing price is quoted when same as the low, and both low and close when same as the high. By 100 High Low Close

DRIFT OF STOCK
QUOTATIONS UP

(Continued From Tenth Page)

munition in the campaign for higher prices.

PUBLIC BUYING

Heavy buying-taking was in evidence in many stocks on the theory that a technical reaction was in order after the break advance of last week, but offerings generally were well absorbed. Commission houses reported an increase in public participation, which was borne out by the expanding volume of "odd lot" orders, but the big bulk of trading is still largely professional.

The general automotive list derived strength from reports that several of the new automobile models brought out this summer were meeting with an unexpected good reception. Hudson was bid up nearly points to 75 1/4, but sagged a point below that figure on profit-taking, while Mack Truck and Nash each closed at net gains of more than a point.

STEELS CHECKED

The advance in steel shares was held in check by reports of a slight curtailment in operations in the West. United States Steel common, however, closed nearly a point higher at 147 1/4, the independents showing only small fractional changes. Atlantic Heating, up 4 3/4 at 114 3/4; General Asphalt, up 3 3/4 at 71 3/4; and Pan American, up 3 1/4 at 10 3/4.

Pools were again active in a number of public utilities and new peak prices for the year, or longer, were established by American Sunlight Tobacco certificates, Auto Sales, Brooklyn Edison, South Terminal and Southern, Butterfield Publishing, Crutcher Steel, preferred, Dupont, Jones-Walker, preferred, preferred, C. Penney preferred and Public Service of New Jersey.

RAILS REVIVE

Rails took on a new lease of life, with the average of twenty leading issues mounting to the highest price since the war. New York Central, Southern Railway and Baltimore and Ohio all exceeded their previous 1926 peak prices.

Commodity markets were mixed. Active wheat futures broke 3 to 4 cents a bushel on reports that Canadian crop estimates and reports of larger receipts at Chicago. Cotton rallied after an early decline, closing 3 to 7 points higher. Flour market was unchanged and coffee prices dropped 11 to 30 points.

Cash money opened at 4 1/2 to 5 percent, the highest renewal rate since July 15, and then advanced to 5 percent as banks called about \$20,000,000 in loans. Time money and commercial paper rates were unchanged.

A sharp rally of over 20 points in French francs, which had fallen 2.50 cents, featured the foreign exchange market. Demand sterling was slightly higher around \$4.85 3/4.

PRODUCE MARKET

(United States Bureau of Agricultural Economics.)

Trading was fairly active with liberal supplies of most commodities. Apples are about steady, peaches and pears show a moderate decline. Corn and beans are slightly higher. Cucumbers and squash are lower and higher. Lettuce is about steady. Onions are about steady. Potatoes are about steady. Sweet potatoes are about steady. Tomatoes are about steady. Watermelons are about steady. Melons are about steady. Peas are about steady. Beans are about steady. Lentils are about steady. Chickpeas are about steady. Garbanzo beans are about steady. Broad beans are about steady. Vetches are about steady. Alfalfa is about steady. Hay is about steady. Straw is about steady. Grain is about steady. Oil is about steady. Sugar is about steady. Coffee is about steady. Tea is about steady. Spices are about steady. Fruits are about steady. Vegetables are about steady. Nuts are about steady. Seeds are about steady. Livestock are about steady. Poultry are about steady. Fish are about steady. Shellfish are about steady. Game are about steady. Furs are about steady. Skins are about steady. Hides are about steady. Bones are about steady. Horns are about steady. Tails are about steady. Hooves are about steady. Claws are about steady. Antlers are about steady. Horns are about steady. Tails are about steady. Hooves are about steady. Claws are about steady. Antlers are about steady.

COMPLETE NEW YORK STOCK EXCHANGE REPORT

NEW YORK, Aug. 3. (P)—Following is the complete closing list of today's transactions in stocks on the New York Stock Exchange:

The Times

TUESDAY MORNING, AUGUST 3, 1926.—PART II. 20 PAGES.

POPULATION (By the Federal Census—(1920)—578,979 By the City Directory—(1925)—1,369,597)

RAILROADS DISCLOSE NEW
PLAN FOR UNION DEPOT

Station in Plaza Area to Cost \$25,239,420 Is Outlined for State Commission

A railroad's plan for a union passenger station in the Plaza area made an appearance yesterday afternoon before the State Railroad Commission, now in session here to determine whether and where railroads in Los Angeles shall build a union passenger station, a desire for which was pressed by an overwhelming popular vote at the election last fall.

INDUSTRY HEEDS
CALL OF COAST

Westward Movement Told at Chamber Parley

Southland Development Gain Predicted as Result

Decentralization Declared Under Way in East

The decentralization of industry in the East, now in progress, and the tendency of industry to follow the drift of population westward promise ever-increasing industrial development for Southern California and the Pacific Coast, it was stated by E. W. McCulloch, of Washington, manager of the manufacturing department of the United States Chamber of Commerce, at a conference of commercial executives at the Chamber of Commerce yesterday.

Mr. McCulloch, who came to the Coast to deliver a series of lectures on a luncheon given in his honor by the Commercial Secretaries, a course given at Stanford University each year, and just completed for 1926, is in Los Angeles at the invitation of the Chamber of Commerce to confer with and advise chamber officials of Southern California.

The decentralization of industry in the East, now in progress, and the tendency of industry to follow the drift of population westward promise ever-increasing industrial development for Southern California and the Pacific Coast, it was stated by E. W. McCulloch, of Washington, manager of the manufacturing department of the United States Chamber of Commerce, at a conference of commercial executives at the Chamber of Commerce yesterday.

Mr. McCulloch, who came to the Coast to deliver a series of lectures on a luncheon given in his honor by the Commercial Secretaries, a course given at Stanford University each year, and just completed for 1926, is in Los Angeles at the invitation of the Chamber of Commerce to confer with and advise chamber officials of Southern California.

WOMEN AID STANDARD TRAFFIC PLAN

Capt. Heath Coaches Leaders in State-Wide Campaign

Left to right, seated—Mrs. J. B. Lorber, district president, California Federation of Women's Clubs; Mrs. Helen Lucille Holt, head of women's division, California Development Association; Mrs. F. O. McCulloch, State president, Congress of Parent-Teachers' Associations. Standing—E. B. Leferts, Automobile Club of Southern California; William May Garland and Capt. Heath, head of police traffic bureau.

SHERIFF'S
FORCE NOW
INCREASED

Thirty-four Men Added to Deputy Roster in Plan for New Substations

Preliminary steps toward the installation of four new substations for the Sheriff's office were taken yesterday as thirty-four new deputies were appointed by Sheriff Trager to man the additional details. In addition, in accordance with recent authorization by the Board of Supervisors, twenty-one men, some of whom had served previously as temporary appointees, were named as turnkeys in the County Jail.

The new substations will be located at Temple near San Gabriel at One Hundred and Eighth street and Vermont, at Norwalk and Newhall. Deputies will be on duty at these stations twenty-four hours a day, it was stated.

The locations for the stations have already been selected. The new deputies will be on duty at these stations twenty-four hours a day, it was stated.

GRAND JURORS REPORTED
DISPLEASED WITH KEYES

Dropping of Inquiry Starts Rumors; Ormiston in Affidavit Asserts "Miss X" Carmel Companion

Rumors that the grand jury is displeased with Dist-Atty. Keyes' announcement that he has dropped all investigation into the Aimee Semple McPherson case, were circulated freely about the Hall of Justice yesterday afternoon, and from all quarters came forecasts that the jury may demand further investigation despite Dist-Atty. Keyes' declaration that he does not intend to have anything more to do with the case.

DUNN REMOVAL
DEMAND MADE

Randell Calls on Cryer to Oust Commissioner

Declared Proper Step Due to Drain Revelations

Mayor Departs from City for Week's Vacation

Removal by Mayor Cryer of Public Works Commissioner Dunn was demanded yesterday by Councilman Randell, chairman of the City Council's Public Works Committee which is investigating Contractor Peter R. Gadd's \$208,981 bill of "extras" on the West Adams storm drain.

The recommendation for the removal of Commissioner Dunn followed the unanimous confirmation by the Council of Mayor Cryer's long-delayed and allegedly unwelcome appointment of Hugh J. McGuire as a member of the Board of Public Works, and the re-election by the board of Commissioner McGuire as president of that commission.

The antagonism of members of the Cryer administration to President McGuire was strong, as the result of his action in refusing to approve of Contractor Gadd's bill of "extras" on the West Adams storm drain. It was said that Kent K. Parrot, Mayor's Secretary, H. H. Kinney and Commissioner Dunn led the opposition to the reappointment of McGuire.

W CAN all breathe easier now. The great Call-Curt himself admits that he doesn't like grand opera. Nobody since the world began ever directly liked grand opera. My goal! How could anyone?

Love duets between a wedding tenor with a bull neck and a beautiful damsel who appears to date back to Cleopatra and looks like a feather bed with a rope tied around the middle.

The music of grand opera is O.K. Anyhow, those who like it say it is. But it ought to be sung in the dark, brethren. The lights and scenes are too terrible.

THE MOVIE THEATERS have started "kid stuff" again—to the anguish of the suffering public.

The other night I went to see a "Lutich" picture in one of the big theaters. A little girl came out and squeaked a little shrill song and there followed an infant prodigy with a fiddle. He added and dodded and dodded. A phocod on the music stand announced that he was playing an imitation of a storm. I sat and prayed for fair weather.

These enormously talented children may be of interest to their fond and devoted parents; at least, it is conceivable that such might be the case; but why make miserable the folks who have dutifully paid money to be entertained?

The kindergarten are always open to visitors.

THE AIMER CASE. If there isn't anything but "vague" evidence in the Carmel episode the District Attorney is right in not going on with the case.

But there seems to be a painful quantity of mysterious shuffling around behind the scenes in the Aimee case. No one can avoid the feeling that the cards are not all on the table.

For every reason the public has the right to know every single fact that concerns this now-celebrated case.

A great county like this cannot afford to be placed in the position of starting something it was afraid to finish.

GO TO IRELAND. Will Rogers, the comedian, has made a profoundly interesting suggestion.

He asks why American tourists do not go to Ireland, where the people like America, and avo! Paris, where American dollars are snatched so from criminals and hounds and where tourists are subjected to insults and danger.

If Mr. Rogers' idea should be infectious the French government would find itself in a dismal future. For there are many other places in Europe just as fascinating and a good deal less showy than Paris.

For instance, Spain, Portugal and Italy. Tourists who have been there say that the older cities like Prague and Budapest are more interesting than Paris.

WHEN RUSSIA COMES BACK. Should Russia ever become civilized again there will be a tourist rush for Moscow that will divert millions—4 millions of dollars every year from Central Europe. Cold and charm and vitality and tradition there.

Be a good thing for us were this to happen. The Trans-Siberian Railroad will be a great tourist route as soon as Russia is safe again; and California will be the gateway.

AUNT HET BY ROBERT QUILLLEN

After deliberating on the case until 10 o'clock last night without reaching a verdict, the jury in the case of William Graceland, alias Graham, charged with arson in connection with a fire at the Brooklyn Theater, was locked up for the night on the floor of Superior Judge Ketch. Deliberations will be resumed by the jurors this morning.

It is charged the defendant, who owned a candy shop in the theater building, placed a number of sticks of dynamite under the structure and set fire to it.

GARMET FACTORY DAMAGED BY FIRE. Fire of undetermined origin last evening caused about \$10,000 damage to building and stock of the Harrison Clock and Suit Manufacturing Company on the second floor of the Olivich Building, 611 West Ninth street. The fire was quickly put under control.

Jury in Theater Blast Locked Up Without Verdict

"I was wise to read
over my Will, it was
sadly out-of-date."

HE remarried and neglected to
change the Will made 20 years
before. He found that his new
status practically made the old Will
null and void. He realized that
several provisions in the document
were now absurd and useless. He
was also brought to realize that the
Executor he had appointed was
now living in South America—
and therefore would hardly be able
to act in such a capacity unless he
returned to California.

IS YOUR Will an out-of-date and
useless instrument? Will your Ex-
ecutor be here to act when the time
comes? A talk with our trust
officers may prove helpful to you!

WOMAN HUNTED IN BREWER CASE

Son of Rail Official Insists He
Shot Himself

Attorney and Girl Contradict
Story of Affair

Feminine Intruder Fired
Gun, Police Informed

While Walter C. Brewer, son of
Walter H. Brewer, assistant general
manager of the Santa Fe Railroad,
stood firm in his story that he had
accidentally shot himself, police last
night were preparing to continue
search today for a woman friend of
the injured man and were endeavor-
ing to ascertain from the differing
versions of the shooting whether or
not the shot was fired by a woman
intruder in the Hollywood apart-
ment where Brewer and two friends
were visiting.

Although Brewer, now reported out
of danger at a local hospital, did
not change his story, statements
given Central Station officials by
J. C. Battle, local attorney in
whose home at 1255 Hyperion ave-
nue the shooting occurred, and a
girl giving the name of Dorothy Hen-
dricks, declare Brewer was shot by a
fashionably dressed woman.

Not only do the versions of the
shooting differ materially in so far as
to how the shooting occurred in con-
cerned, but police have as yet been
unable to establish whether or not
the three persons were the only ones
in the apartment Sunday night. Cap-
tain of Detectives Bean in charge of
the investigation last night, said he
had learned there were five women
present in the apartment, while the
statements given by Miss Hendricks,
who police declare they identified as
Miss Doris Kay of 945 Westchester
Place, indicate that only the three
were in the room.

Mrs. W. C. Brewer, wife of the in-
jured man who was called to the Cen-
tral Station shortly after her hus-
band had been taken to the Emer-
gency Hospital, told Detective Lieut-
enant Condafer and Hickey, that
she had returned from Big Bear Lake
Sunday night after a week-end trip,
with friends and knew nothing of
the shooting until later.

Battle's version of the shooting
was much in accord with the story
told by the girl. He said that after
spending Sunday afternoon at sev-
eral yacht clubs, the trio returned
to his home where Brewer and Miss
Hendricks sat on the couch while
he dropped off to sleep. He says he
was awakened by the shot and saw
a woman rush by his door with a
gun in her hand.

The girl, who, in the statement,
said her name was Hendricks and
gave an address that officers say
was wrong, declared that a stylishly
dressed and pretty young woman
walked into the room and fired the
shot that injured Brewer.

GUN FOUND IN CAR

Both witnesses stated that Brewer
requested them not to tell of
the shooting.

The gun used in the shooting was
found by investigating officers in
Brewer's car, parked in front of the
Battle residence, they reported. Brewer
was shot through the mouth, the
bullet passing through the throat and
back. It will be removed today.

Brewer at one time was an attorney
in Los Angeles. He lives at 131
South Manhattan Place.

According to police a man giving
the name of W. C. Brewer of 131
South Manhattan Place was arrested
several nights ago in a Culver City
night club on charges of violation
of the Wright Act. He was released
on bail of \$100. In talking to police,
Brewer mentioned the arrest
and said that his father had killed
him out. He said that because of
this and despondency over other
troubles, he had shot himself.

CHANGE IN NAME SOUGHT

City Engineer Shaw has presented
an ordinance to the City Council
changing the name of Panamint
street to Sixth-ninth street. The
Main street to the westerly terminus
of the present Panamint street.

CONTRADICTS STORY OF SHOOTING AFFAIR

ANOTHER DEPOT PLAN OFFERED

(Continued from First Page)

Hill-plan proponents that the Meigs
plan was prepared by the carriers
principally to cast reflection on the
Hill plan, through a showing that to
build a union station in the Plaza
area would require the \$25,000,000
Meigs plan instead of the \$7,000,000
to \$10,000,000 Hill plan.

Ball said the carriers had not con-
ferred with engineers of either the
commission or city when they drew
up the Meigs plan "because it was
confidential." Both he and E. W.
Camp, Santa Fe attorney, with the
assistance of Carr, maintained that
his report to his officials concerning
a union station after study of all
principal proposed sites, is confiden-
tial. Later, he testified that in his
personal opinion the best site for a
union station is on the east side of
the river. He vigorously opposed a
union station on the Arcade site as
"economically unsound."

SANTA FE OPPOSES IT

Carr drew from the witness that
\$1,000,000 for a new Santa Fe pas-
senger station would fill that line's
needs "as far ahead as can be seen."

Ball testified that the additional
amount that would be required of
the Santa Fe for a union station
might much better be spent on new
equipment, tracks and additions. He
admitted on questioning by C. I.
Wheat, the commission's attorney,
that he had not read the Interstate
Commerce Commission's finding that
the situation here reasonably re-
quires a union station and that one
could be built without financial im-
pairment of the lines.

F. H. Knickerbocker, general man-
ager of the Union Pacific, testified
that the decrease in passenger
business and small amount of inter-
line passenger traffic do not warrant
so great an expenditure as a union
station would require. T. H. Wil-
liams, assistant general manager of
the Southern Pacific line, testified
similarly.

The commission announced that it
hopes to conclude the hearing on the
subject at this time and that it has
allotted two weeks for the purpose.
The hearing will be resumed at 9:30
a.m. today.

ACCIDENTS IN TRAFFIC INJURE FIVE

Two Boys and Elderly
Woman May Not Survive
Results of Crashes

Two small boys and an elderly
woman were injured perhaps fatally
and another woman and a man were
hurt badly in automobile and street
car accidents yesterday.

Jacob Angel, 9 years of age, of
700 West Forty-third street, suffered
a basal skull fracture when he was
struck at Forty-first and Hoover
streets by an automobile driven by
Jol. P. Mitchell of 4609 Wesley ave-
nue. The boy is in the General
Hospital and is not expected to live.

Eugene Madden, 9, was knocked
from his bicycle and run over near
his home, 480 West 44th street, by
Fifth street, by the automobile of
C. A. Kohn, 832 North Louise street,
Glendale. His skull also was frac-
tured and slight hope is held for his
recovery.

Mrs. Ida Baker, elderly widow living
at 1812 South New Hampshire street
was struck by the automobile of
Jack Johnson, 680 South Bonnie
Brose street, as she was crossing West
Washington street at New Hampshire.
She suffered concussion of the brain
and has only a fighting chance for
recovery.

Mrs. Elma Jones, 22, of 3354 Carna-
tio street, fell from a street car at
West Sixth street and Manhattan
Place and was taken to Receiving
Hospital suffering from severe head
injuries.

Louis Abern, attorney, 839 East
Thirty-third street, was caught be-
tween two colliding automobiles at
Second and Spring streets. His left
leg was broken. The cars were driven
by William D. Wan of 2441 W. 47th
Manzanita street and Harry R.
Schachor of 1125 1/2 North Hoover
street.

BAN PLACED ON TELEPHONE TAX

Injunction Restrains County
Assessor From Levying on
\$98,500 Instruments

United States District Judge
McCormick signed an injunction
yesterday to prevent County
Assessor Hopkins from at-
tempting to collect \$97,117 per-
sonal property tax levied on
\$98,500 telephones in Los An-
geles county for 1925 and 1926.

The plaintiffs in the suit were
the Pacific Telephone and Tel-
egraph Company and the
Southern California Telephone
Company, which asserted they
merely leased the equipment
from the American Telephone
and Telegraph Company, and
that it is owned in New York.

HIGH PHONE RATE CAUSE OF PROTEST

Relief Sought of Rail
Board for Patrons in
Unique Situation

Asserting the Southern California
Telephone Company rates in the dis-
trict west of the Glendale city limits
and north of Los Feliz Boulevard to
Goodwin avenue are discriminatory,
unwarranted, and an imposition on
the subscribers in that section, the
People's Telephone Commission,
through the chairman of its board
of governors, Andrew Nordskog, yes-
terday petitioned the State Railroad
Commission to consider the matter
with a view to adjusting rates.

The communication, filed with
Secretary Britt of the commission in
the hope of having the matter amica-
bly settled without the formality of
public hearing, was presented on
behalf of the Grimsby Park Improve-
ment Association, organized a few
days ago, according to Nordskog. Ap-
proximately 400 persons reside in the
district, Nordskog said.

Under the present system, the com-
munication set forth, subscribers
seeking Los Angeles service must ob-
tain Glendale service, costing \$2.75
a month, plus \$11.75 for a residence
phone and \$5 mileage charge for each
half-mile from the district boundary
line, making a total average monthly
rental of about \$17. The situation is
a unique one, unparalleled in the
United States, it was stated.

The section is geographically a
part of the city and the residents are
citizens and taxpayers of Los Angeles,
the communication stated.

Instructor Sued for Refusing to Teach Daughter

Robert Thistlewhite, an instructor
in the Jefferson High School, ob-
jected to his daughter attending the
school in which he taught, accord-
ing to testimony yesterday before
Judge Gates, who granted Mary E.
Thistlewhite a divorce from the
teacher.

Mrs. Thistlewhite charged her hus-
band deserted her following a quar-
rel over the matter of their daugh-
ter going to school.

The daughter was in court to cor-
roborate her mother's testimony, and
stated her father never gave any
reason why he did not want her to
be a student at the institution in
which he taught.

PAIR HELD ON THEFT SUSPICION

Business Man and His
Stenographer Face Quis in
Burglary Charge

Harry G. Glenn, owner of a heat-
ing-appliance business at 4537 Sun-
set Boulevard, and his stenographer,
Mrs. Irene Strann, were arrested last
night on suspicion of burglary fol-
lowing the finding in Glenn's home
of clothing and jewelry thought to
have been stolen.

The arrests, made by Detective
Lieutenant Remois of the Wilshire
division, are declared to link up with
the arrests last week of W. S. Blinn
and E. S. Taylor at 583 Fremont
street. At that address and at Glenn's
home, 1124 1/2 South Harvard Boul-
vard, police state they found eight-
teen suits of clothes, numerous over-
coats and hats, several watches and
diamonds and jewelry valued at \$1800.

A dry cleaner's ticket found by
the police and traced back to Blinn
led to the arrests. Mrs. Strann stated
that several of the articles found
at Glenn's home, where she has been
living, were given to her by Blinn
and Taylor but denied knowing the
articles had been stolen. Glenn de-
nied all knowledge of the asserted
burglaries. Blinn and Taylor are said
to have confessed.

Baby's Death Attributed to Natural Cause

Declaring that "the infant came to
its death from pneumonia," a Cor-
oner's jury yesterday exonerated Mrs.
Anna Hollander of responsibility for
the death last week of a baby born
to her daughter, Helen Hollander.

When police went to the Hollander
home, 132 East Eighty-fifth Place, in
answer to a call from Mrs. Hollander's
husband, they found a baby boy
expired in a tub on the back porch.
The infant died later in the General
Hospital.

WELSH EISTEDDOD DRAWS AMERICANS

SWANSEA (Wales) Aug. 2. (AP)—
Americans were prominent in the
opening proceedings today of the
Welsh National Eisteddod, or As-
sembly of Welsh Bards, Minstrels and
Literati. There was a picturesque
ceremony when Archbishop Eifed re-
ceived the Welsh flag which flew
from the main mast head of the
Cunard liner Rhyol in which the
American delegation came.

PRACTICAL RECIPES

Helps for Epicures and All Who Appreciate Good Cooking

BECHAMEL SAUCE
Melt three tablespoons of butter, add three tablespoons of flour, and when smooth three-fourths cup of chicken stock and one-third cup of cream. Season to taste.

OLD FASHIONED CRACKER PUDDING
C. H. Glendale. Serve either warm or cold with or without sauce. Roll eight slices of Boston crackers, add five cups of milk, one-fourth cup of sugar, and four eggs. Beat well. Add one cup of small seedless raisins which have been well washed and softened by bringing to the boiling point, then drained and dried. Flavor with a grating of two of nutmeg. Over the top place two tablespoons of butter in small dots and bake in a moderate oven two or two and one-half hours. This makes a large pudding, but it is good the second day.

CARAWAY RYE BREAD
A. L. Los Angeles. Put into a mixing bowl one tablespoonful of sugar, three-fourths teaspoonful of salt, and one-half cup of caraway seeds. Add one cup of boiling water. When lukewarm, add one cup of white flour, and one cup of rye flour. Knead, about ten minutes, using more if necessary. Let rise, add two tea-spoonsful of caraway seeds, knead, shape, let rise, and bake.

DILL PICKLES
M. E. Los Angeles. Use cucumbers from six to eight inches in length. Wash and wipe carefully. Cut into layers in a large earthenware jar or a keg without a head, placing between each layer a small paper cup of water, hot and salted, replacing the water that evaporates so as to retain the same quantity. Four over the cucumbers, in the keg, spread over the top of the cucumbers more dill, a layer of clean cabbage leaves and a clean cloth. Cover with a plate and heavy stone and leave for three weeks. The cloth over the top must be taken off and washed now and then.

RAVIOLI
J. G. V. Los Angeles. Send all requests to the above address and they will be answered in their turn in this department.

The party for ravioli is made by mixing two cups of sifted flour with half a teaspoonful of salt, two whole eggs and enough water to make a stiff dough. Knead until smooth and firm; roll out to half an inch in thickness and let stand fifteen minutes; divide in two equal parts and roll each piece in a square thin sheet; lift the sheets so that they will dry. With a rolling pin or tracing wheel mark one piece in two-inch squares. In the center of each square place a round teaspoonful of ravioli filling. Filling, brush the other piece of paste, press down between the squares with the ravioli rolling pin, cover with a piece of cheese cloth and set in a warm place until thoroughly dry. Separate each piece and poach in boiling water for five minutes, drain well, place on a hot platter, cover with Italian sauce and sprinkle over grated Parmesan cheese.

RAVIOLI FILLING
Mix one cupful of finely chopped cold cooked chicken or veal with two cups of cooked, cooked calves' brains, half a cupful of bread crumbs soaked in milk and squeezed dry, one teaspoonful of onion juice, one-quarter of a teaspoonful of nutmeg, one teaspoonful of onion juice, one-quarter of a teaspoonful of thyme, one teaspoonful of salt, half a teaspoonful of paprika, one cupful of spinach puree and the yolks of two eggs.

RAVIOLI SAUCE
Soak for thirty minutes four tablespoons of dried mushrooms in one cupful of water; drain, save the water and chop the mushrooms in small pieces. Heat four tablespoons of olive oil in a sauce pan, add one chopped onion and one teaspoonful of chopped parsley and cook until the onion is clear; add the chopped mushrooms, the mushroom water, one cupful of beef stock, two teaspoons of chopped parsley, three tablespoons of tomato paste, and a seasoning of salt; simmer for forty minutes and use over ravioli, macaroni or spaghetti.

BOILED OIL DRESSING
H. E. S. Los Angeles. One level teaspoonful mustard, one level teaspoonful salt, one-fourth level teaspoonful paprika, three level teaspoonful sugar, two eggs, well beaten, two tablespoons oil, one-third cup vinegar, three tablespoons water.

Mix the mustard, salt, paprika and sugar. Add the eggs and beat for two minutes. Slowly add the oil and then the vinegar and water. Beat for three minutes. Cook in a double boiler for two minutes. (Stir constantly during the cooking.) Use on any kind of salad.

SWEETBREAD CUTLETS
D. E. G. Venice. Make a sauce of one tablespoonful of butter, two tablespoons of flour, and one-half cupful of cream. Add one cupful of sweetbreads, parmesan, and cut fine, one-half cup of mushrooms cut in small pieces and sauté. Season with salt, cayenne, a dash of grated nutmeg, and sherry. Shape in cutlet form, dip in flour, beaten egg, and crumbs, and fry in deep fat. Drain on soft paper. Garnish with green pea puree and Bechamel sauce.

PEA PUREE
Drain and strain a can of marrowfat peas; heat and rub through a fine strainer. Season with salt, butter, and a little heavy cream to make the consistency to force through bag and tube. Place a border of puree

Body Crushed by Beach Car Near Cypress

M. L. Gardner, 78 years of age, of 1130 West One Hundred and Seventeenth street, was crushed under the front of a beach car on the Pacific Electric line near Cypress Station last night.

Mojorman R. W. Gallop and Conductor, F. E. Wells reported that Gardner's body was cold when taken from beneath the train, and it is thought he suffered a heart attack and was dead before the train struck him. Gallop stated he saw the body across the track several hundred feet ahead but was unable to stop the train in time.

The body was taken to the J. E. Dunaway mortuary in Hawthorne.

MISSING VICTIM OF BREAKDOWN FOUND

Jesse W. Ivers, department-store owner of Highland Park, who lives at 132 South Avenue 58, is at Casa Del Mar Sanatorium recuperating from the effects of four days of privation endured in wandering while suffering from a nervous breakdown.

Mr. Ivers, who had been the object of a wide search since he disappeared from his home last Wednesday morning, was found Sunday morning by a police officer on a bench in Pershing square, members of his family reported yesterday.

Brewer Pines for Money to Pay City Fine

Barney Smith, 1046 1/2 Laguna street, went to jail yesterday from Municipal Judge Turner's court, hoping to be able to raise \$300 to pay his fine before his alternative jail term of fifty days is served.

A police officer testified he found 700 quart bottles of beer in Smith's house and that Smith admitted he was furnishing the liquor to another man for sale.

DOUGLAS TO SEEK ARMY AID IN MEET

Aeronautical Association Chief Goes to Washington to Boost Aviation Event

Donald Douglas, president of the Southern California chapter of the National Aeronautical Association, will leave for Washington on Thursday to seek the co-operation of War Department officials in making successful the forthcoming air meet in commemoration of the second anniversary of the crash of the round-the-world flight. Announcement to that effect was made last night at a meeting of the board of directors at the Ambassador.

The tentative date was set as either September 23 or 24, next. If Douglas is successful in his efforts to induce government officials to permit Army aviators to participate in a busy competitive meet, the event will be September 23.

TIME TAKES LOVED SHOP FROM HER

Aged Woman to be Sent to Old Folks Home and Ancient Stock Seized

Time has finally conquered Mrs. Helen Smith, 80 years of age, the gray-haired and stooped little grocery-store proprietress of 1430 Exposition Boulevard.

She sat in the dust-laden and grimy back-room in the rear of the store last night, knowing that time has taken her cherished business from her.

Chief Supervisor Siegel and Supervising Inspector Galloway of the city housing and sanitation department had called at the store earlier in the day and ordered it closed. On the shelves the foodstuffs, canned goods and other groceries ten years or more old.

SEATTLE PARTY IN FATAL CRASH
Mrs. Harry Gordon Killed
Automobiles Collide
Two Daughters, One Driver, Were Hurt
Los Angeles Couple in Other Machine Shaken

VENTURA, Aug. 2.—The body of Mrs. Harry Gordon of Seattle, who was killed in a fatal crash of an automobile here, was taken to the city morgue for instructions in a morgue.

daughters, Miss Ethel Gordon and Miss Sarah Hagley, also of Seattle, are in the Big Sisters Hospital here, suffering from injuries. Mr. and Mrs. George Barber, 1437 Howe street, Los Angeles, are at home again, having been released from the hospital after being injured as the result of a head-on automobile collision.

The crash occurred at the intersection of the Concho grade yesterday afternoon. According to Capt. Murphy of the State motor police, who with Motor Officer Fox, investigated the accident, the Gordons were going south on Los Angeles when they were struck by a car coming north on Ventura at the time of the crash.

German Baptist State Session to Meet in Anaheim

ANAHEIM, Aug. 2.—Preparations are being made by the German Baptist Church of Anaheim to receive about 200 delegates to the state convention of the Young People's Sunday-School Workers' Union, which is being held here from August 12th to 15th inst. Due to the fact that the Anaheim German Baptist Church was recently razed, the convention is being held in the large auditorium of the city hall. The principal speaker at the convention will be Rev. O. R. Schaefer, pastor of the Anaheim church, who is a leading figure in the movement for the unification of the German Baptist churches. Union services with the Christian church congregation will be held on the Sunday of the convention. The principal speaker at the convention will be the principal speaker. Delegates are to be housed in the Anaheim Baptist congregation.

SHEIKS ARRESTED FOR NEW MASHING TRUCK

SANTA ANA, Aug. 2.—Sheiks Newport Beach and Balboa have been taken to the city hall for their refusal to pay the new mash truck tax. Their refusal to pay the tax is being treated as a matter of public safety. The city officials are taking steps to enforce the new tax, which is a result of the recent earthquake damage.

SAN FERNANDO PLANS CUT IN WATER RATE

SAN FERNANDO, Aug. 2.—City officials are planning to cut the water rate in the city of San Fernando. The new rate is being set at a lower level than the current one, in order to reduce the financial burden on the residents. The city council is expected to vote on the new rate in the near future.

Great Spectacular Film
Has Thrilling Opening
Biltmore Theater Premiere
Proves Enthralling
Audience Cheers the Chariot Race Scenes
BY EDWIN SCHALKERT
Captivated with a lavishness virtually beyond compare and enriched with thrills and romance and a rare mood of spiritual feeling, "Ben-Hur," the supreme effort of the motion-picture industry, last night came before Los Angeles audiences as one of that industry's most glorious and without doubt also most lasting of achievements.

SHAVIAN SATIRE
CLEVERLY SERVED
"Antony and Cleopatra" Handled With Dexterity at Community
Shavian satire, with a historical background, is the utterly delicious fare now being served at the Pasadena Community. The play is "Caesar and Cleopatra."
Aby served, too, in the delectable hands of Irving Pichel, as the quizzical conqueror, and Violeta Wilson as the petulant, appealing girl Queen of the Nile.
Shavian, the iconoclast, runs true to tradition in this brilliant, human dealing with shadowy figures of another age. He calmly wrests them from their aged pedestals, equips them with the frailties and humor of most ordinary mortals and sends them through a thrilling face-melodrama, with rare, abrupt changes to poetic drama of the sheerest beauty.
Caesar he paints as a bald, unceremonious, brilliant man, past 50, blessed with an unwearied sense of humor, tempering his victories with mercy. Cleopatra is a high-spirited child, ruled by her fat nurse until the Roman teaches her the rights of royalty.
Irving Pichel makes an unforgettable Caesar. Pichel, remembered for his whimsical, lovable Peer Gynt in the Community's version of the Ibsen play, produced last summer, brings dignified humor, utter reality to his interpretation.
Violeta Wilson is given the task of offering a new Cleopatra to the audience, trained in the past to expect merely artificial characterizations of the historic siren. First discovered curled up upon the floor of her pet, the "Little Sphinx," a frightened child, tormented by the fear that the barbarous Romans will eat her on sight, she becomes a regal, cruel but amazingly lovely woman.
The supporting cast is large, with Sanford English, the ill-fated supporter of the young king Allan Douglas, the uncertain, youthful monarch; Theodore Brown, the brusque Roman general, and Joseph French, the staid "British Islander" outstanding.
Of the women, Lenore Lyndon is unusually formidable as the "Queen's" unbecomingly formal all except Caesar. Barbara Brown and Helen Brooks play small parts with graceful lightness.
James Hyde, responsible for settings and costumes, is to be commended. The "Red Heirs" costumes are well suggested by the brilliant robes and towering scenery. The banquet scene is particularly exotic.
Gloria Brown directed "Caesar and Cleopatra."

NEW NAME ADDED TO "WHITE COLLARS" CAST
Frank Egan's play "White Collars" is about to enter its one hundred and twenty-second week at the Egan Theatre.
The comedy is said to be human and understandable, dealing with folks like your own folks, your neighbors and relatives.
Frank Egan has brought on J. Anthony Smythe to enact the role of William Van Lyun. Mr. Smythe will be remembered for his appearance at the Majestic, Gladys Heston, Zellar Corvinton, Gladys Douglas, Marvel Quiver, Gordon White, Paul Kruger, and Frances Sheehan complete the cast.

VALENTINO TO REST AT SEASIDE RESORT
NEW YORK, Aug. 2. (Exclusive)—Rudolph Valentino slipped into New York quietly Saturday morning from Chicago, where he attended the opening of "The Son of the Sheik" at the Roosevelt Theatre and immediately slipped out of New York as quietly for Atlantic City as he slipped in. It is said Valentino goes to Atlantic City for a rest, with his picture opening there last night. If the Atlantic City opening was as hectic as the New York and Chicago premieres Valentino will not find a great deal of the time to take the announced rest.

President Hears from Edsel Ford of New Type "Flivver" Plane

Airplanes Topic of Conversation when President Coolidge entertained Edsel Ford at the summer White House in the Adirondacks recently. Young Ford revealed to the President plans for placing on the market a new type of plane suitable for use by the public. Photo shows Ford following President out of automobile. (P. & A. photo.)

Plenty of Excitement and Thrills are provided for the devotees of the aquaplane and surf board. Photo shows a number of experts at the aquatic sport carrying their own orchestra in the wake of a speed boat at Glorietta Bay, Coronado. (P. & A. photo.)

The Future of the French Franc has been entrusted largely to the genius of M. de Monzie, the new French Minister of Finance, pictured above (with cane) discussing situation with journalists outside the Chamber of Deputies at Paris. (P. & A. photo.)

The Summit of Zugspitze, an 11,000-foot Alpine peak in Germany, has been made accessible to tourists through the construction of a cable road which scales the precipitous sides of the towering height. Photo shows workman going up on cable shortly before public opening. (P. & A. photo.)

A Record of 100 Per Cent Efficiency has been maintained to date in the matter of parachute experimentation by the parachute school of the Naval Air Station at Lakehurst, N. J. The proper method for eliminating "dragging" danger is being demonstrated in the photo above by one of the students at the school. (P. & A. photo.)

Miss California of 1926, the former Miss Van (Miss Aloha) Farnsworth, who was chosen last week at State contest in San Francisco. (The photo.)

European Dramatist of note, Lajos Biro (above), author of "Hotel Imperial," is in Hollywood under a writing contract with Paramount.

Neither a Princess nor a Countess is Kadja Romanoff (above), Russian actress, who comes to Hollywood admitting that she is a peasant.

A Modern Maud Muller is Miss Helen McDonald (above), university senior and first woman ever employed by San Francisco park department. (Herbert Photos, Inc.)

A Vacation on the Pacific Coast beats Bar Harbor and Newport, according to Mrs. Frederick C. Church, the former Muriel Vanderbilt, who is back at Del Monte for her annual holiday under balmy California skies. She is an accomplished equestrienne. (P. & A. photo.)

Featured on Today's Radio Program to be broadcast from KHJ are (left) Camille Le Fevre, violinist; (middle) Edith Wagner Hancock, soprano, and (right) Rose Davis, pianist. Charles Leslie Hill, KHJ's popular boy entertainer, will be on the air during Children's Hour.

OUR HISTORY IN PICTURES 472

Naval Warfare on The Potomac.

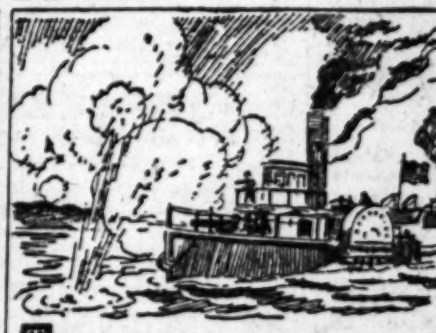

by J. CARROLL MANSFIELD

THE FIRST ACTION OF THE CIVIL WAR IN WHICH THE NAVAL FORCES OF THE UNITED STATES TOOK AN ACTIVE PART OCCURRED ON THE POTOMAC RIVER IN THE SPRING OF 1861. THE VIRGINIA SHORE OF THE RIVER WAS CONFEDERATE SOIL AND THE FEDERALS FOUND IT HARD TO KEEP OPEN THE WATERWAY FROM WASHINGTON TO THE CHESAPEAKE.

WHEN THE CONFEDERATES SEIZED THE UNITED STATES NAVY YARD AT NORFOLK, GREAT NUMBERS OF HEAVY GUNS FELL INTO THEIR HANDS AND ENABLED THEM TO PLANT FORMIDABLE BATTERIES ALONG THE POTOMAC. THE STRONGEST OF THESE POSITIONS WAS AT AQUA CREEK AND FOR A LONG WHILE IT MENACED FEDERAL NAVIGATION.

TO PATROL THE RIVER THE FEDERAL GOVERNMENT HAD BUT A FEW ARMED RIVER STEAMERS THAT WERE ALMOST USELESS AGAINST THE POWERFUL SHORE BATTERIES. THE FIRST ENGAGEMENT TOOK PLACE ON MAY 29, 1861, WHEN COMMANDER WARD MADE A GALLANT BUT FUTILE ATTEMPT TO BOMBARD THE CONFEDERATE GUNNERS FROM THEIR EMPLACEMENTS AT AQUA CREEK.

COMMANDER WARD WAS THE FIRST FEDERAL NAVAL OFFICER TO LOSE HIS LIFE IN THE WAR. HE WAS KILLED ON JUNE 27, 1861, OFF MATHEW POINT WHILE HIS LITTLE FLEET WAS ENGAGED IN COVERING THE RETREAT OF A UNION LAND FORCE PARTY THAT HAD BEEN ATTACKED BY THE CONFEDERATES.

These daily history strips make a unique pictorial history of America.

Hundreds are clipping them daily and pasting them in scrapbooks.
